CTE PROGRAM REVIEW

OUR GOALS AND WHAT WE ARE DOING
TO REACH OUR GOALS
1-3 YEAR GOALS

- Examination of Career Pathways:
[Performing Arts as a Career Pathway](#)
- Brandy is assessing the FY 2021 financial data available for each program and, by next month, will be able to provide each program's financial impact.

2) Re-brand to ensure school, community and industry partners are engaged in developing and supporting CTE

- [PROGRAMS FOR SUCCESS](#)
- Brandy is working with Brooke Austin and Kerstyn Pou to create new marketing materials (funds allocated from Perkins) that can serve as individual program handouts or combined to serve as a CTE marketing tool-this will culminate in all materials being attached to the website
- Brandy is also working with Brooke Austin and Kerstyn Pou to create videos of each program for the website
- SHS PROGRAMS FOR SUCCESS Twitter and Facebook running in the Spring
- Increased immersion in the middle school - Brandy is working with career tech teachers on how to enhance middle school tours, including an all-day event with outside professionals coming in to discuss opportunities with students
- SHS Programs for SUCCESS Wall of Fame - Ron Cantelli

CTE PROGRAM REVIEW

OUR GOALS AND WHAT WE ARE DOING TO REACH OUR GOALS 1-3 YEAR GOALS

3. WebXam scores at 80%
 - Professional development conducted with ODE to showcase how to utilize reports provided by WebXams to enhance curriculum
 - Professional Development from Max Teaching to be scheduled for January 14th
 - Working with Kelly Sommers on a Technical Reading English course
4. Increase credentials to 25% across existing programs
 - Teacher identification and acquisition of credentials for all programs
 - Transparency on the effects credentials have on our report card
5. Re-examine Advisory committees
 - [Advisory members](#) have been expanded and I request that the board determine any potential members
 - More formalized Advisory Meetings beginning in the Spring
 - Brandy is currently attending all advisory meetings

CTE PROGRAM REVIEW

OUR GOALS AND WHAT WE ARE DOING TO REACH OUR GOALS 1-3 YEAR GOALS

- 6) Utilize Ohio's Quality Program Standards as our map for exemplary programs
 - The [Quality Program's Standards Summative Review](#) was placed in non-compliant teacher's mailboxes on Friday. Brandy will be working on action plans with these teachers to submit to ODE.

- 7) Compare our current programs to those considered exemplary in other schools
 - This has been limited due to Covid; however, we anticipate taking field trips during professional development days and/or allowing teachers to utilize a school day to collaborate with a teacher of another school to see the opportunities provided elsewhere.

Be the best you!

OUR GOALS AND WHAT WE ARE DOING TO REACH OUR GOALS 3-5 YEAR GOALS

- 2) Investigate and develop apprenticeship opportunities for students
 - [LCCC Youth Apprenticeship Program](#) - **will be promoted to students in the Fall of 2021**

- 3) 100% of students Participating in CTE are performing in internships
 - We are recruiting Career Tech students for the Global Internship Experience as next year's report card will begin evaluating the number of students receiving 250 hours of work-based learning (we are expected to have 12.5% in each program)

- 4) Align college credit through articulation agreements
 - We have articulation agreements in place with Firelands College, Terra State and [CTAGS](#) (Statewide articulation agreements are offered in the most commonly taught career tech courses)
