SCHOOL FACILITIES PRESS RELEASE

APRIL 5, 2017

BUILDING DESIGN & TIMELINE

- District will use a “2 plus 1” approach to the building design and timeline, meaning building two buildings simultaneously and then building the third later
- Construction will start on the Ontario site (new grades 1-2 building) and Old Memorial Hospital Site (new grades 3-6 building) Fall 2017
- Anticipated completion for the new grades 1-2 and grades 3-6 buildings is August 2019
- Ontario Staff will move to the Adams Building starting August 2017 and remain there until completion of the new grades 1-2 building and new grades 3-6 building
- Hancock faculty and staff will remain in their building
- When grades 1-2 and grades 3-6 buildings are complete, preschool and kindergarten faculty and staff will be housed in the Mills building until the new building is complete
- Anticipated completion of the new preschool and kindergarten building is January 2021

SANDUSKY DIGITAL ACADEMY

- The Sandusky Digital Academy will be housed temporarily at the Jackson Building in the lower portion of the building near the library effective August 2017

SUMMER 2017 & SUMMER 2018 PROJECTS

- Review and replace exhaust system on the roof of the SHS Auditorium in Summer 2017
- Science Labs, Planetarium, SHS rooms 300 and 301, pool, and auditorium upgrades will be reviewed and scheduled for 2018, and available to students during the 2018-2019 school year

COMMUNICATIONS

- District will use multiple communication options to inform our faculty, staff, parents, students, and community of the ongoing updates with school facilities including social media, press releases, emails, the Sandusky Register, and the district website
- A monthly newsletter will be produced and sent home with elementary students starting in April 2017
- Look for more information regarding a Community Forum in May
