WEATHER RELATED - At times throughout the school year it may become necessary to close the schools due to poor weather conditions. The factors which are considered in the closing decision are: student safety (walking and riding), access of staff to school (on the road and in the parking lots), weather conditions at the time, and weather forecasts.

WELCOME TO SANDUSKY CITY SCHOOLS

PARENT/GUARDIAN INFORMATION - The following laws and regulations are meant to remind parents/guardians of their legal responsibilities and obligations relative to their student's education.

ADULT VISITORS - Any adult wishing to visit a school must report to the office upon entrance to the school to receive approval prior to visiting a classroom. Failure to receive authorization shall be construed as due cause for instituting charges of trespassing. Visits of more than 3 consecutive days require completion of SCS volunteer process (see "school volunteers", below) and building-level administrator approval.

ATTENDANCE LAWS (O. R. C. SECTION 3321.01) - Except as provided in this section, the parent(s)/guardian(s) or other person having the care of a student of compulsory school age which student has not been determined to be incapable of profiting substantially by further instruction shall cause such student to attend a school which conforms to the minimum standards prescribed by the state board of education for the full time the school attended is in session, or shall otherwise cause him to be instructed in accordance with the law.

COMPULSORY SCHOOL AGE (OHIO REVISED CODE SECTION 3321.01) - A student between six and eighteen years of age is "of compulsory school age" for the purpose of section 3321.13, inclusive, of the Ohio revised code. The compulsory school age of a student shall not commence until the beginning of the term of such schools, or other time in the school year fixed by the rules of the board of education of the district in which the student lives.

ENTERING OR WITHDRAWING - No student will be admitted to or withdrawn from school unless accompanied by the parent/legal guardian. Any student entering from another school district must present a certified birth certificate, immunization record from doctor or health department, photo id from parent/guardian, legal papers (i.e. Custody papers, legal name change, etc.) and verifications of residency. Students entering school must show written evidence of having the immunizations required under Ohio law unless the

parent/ guardian or student's physician (M.D. or D.O.) presents a written statement of objection for health or personal reasons. Failure to present such evidence or to keep shots up-to-date may result in exclusion from school.

FAILURE TO SEND STUDENTS TO SCHOOL (OHIO REVISED CODE SECTION 3321.38) - No parent(s)/guardian(s) or other person having care of a student of compulsory school age shall violate sections 3321.01, 3321.03, 3321.04, 3321.07, 3321.19, 3321.30, or 3331.14 of the revised code. The court may require a person convicted of violating this provision to post bond in the sum of one hundred dollars with securities to the approval of the court, conditioned that he will cause the student under this charge to attend school as provided by law, and remain as a pupil in the school or class during the term prescribed by law.

PENALTIES FOR VIOLATION - If a parent/guardian or other person having care of a student should fail to comply with the above stated section of the revised code, the court may level a penalty. These penalties shall be determined by the section or sections violated.

LATE SCHOOL ENTRY - Each day of school missed, including the opening day and all days immediately thereafter, shall be considered as day(s) of truancy unless prior arrangements have been approved by the principal.

TRUANCY WARNING TO PARENTS: COMPLAINT (Ohio Revised Code Sections 3321.19, 3321.30) - On the request of the Superintendent of Schools or the Board of Education or when it otherwise comes to his notice, the attendance officer shall examine any case of supposed truancy within his district, and warn the student, if found truant, and his parent/guardian or other person in charge of him, in writing, of the legal consequences of truancy. When any student of compulsory school age, in violation of law, is not attending school, the attendance officer shall notify the parent/guardian or other person in charge of such student of the fact, and require such parent/ guardian or other person to cause the student to attend school forthwith. Upon the failure of the parent/guardian to cause the student to attend school, the attendance officer is authorized to commence prosecution against the parent/guardian or other person in charge of the student in any court of competent jurisdiction.

SCHOOL VOLUNTEERS - The board believes one of the greatest resources available may be found in the citizens of the community who have special knowledge and talents to contribute to the district. The use of citizens as volunteers within the school program enhances the educational process not only for students, but for the community as well.

Volunteers may provide additional support in the classroom, promote community-school cooperation in facilitating and learning process and provide for individuals who have expertise in various areas to be used as resource person. Recruitment and selection of volunteers is done at the local building level. Interested individuals should contact the building principal or his/her designee. The interests and abilities of the volunteers are considered when making assignments. All volunteers shall be registered with the District office and at the appropriate building. Standard procedures for record keeping include hours contributed by various volunteers, types of services or donations made and an application kept on file at the local school for any volunteer who works directly with students, especially in tutorial relationships. Volunteers will be required to complete an Application for Volunteer Service, form #053.

Current and prospective volunteers who have or will have unsupervised access to students on a regular basis are required to have a criminal record check through the Ohio Bureau of Criminal Identification and Investigation (BCI).

PROMOTION AND RETENTION OF STUDENTS - Recommendations for promotion and retention will be made by the teaching staff to the building principal. At the elementary level, the building principal will assign grade placement for all students attending his/her building. Students may be considered for retention for one or more of the following reasons:

- Failure to master the critical objectives (objectives identified as necessary to meet State competency standards)
- Failing grades in two major subjects: Reading, Math, Written Communication
- Excessive absences
- Age, physical size, and the number of previous retentions will be given consideration in any retention decision.

PARENT-TEACHER CONFERENCES - Parent-teacher conferences are scheduled twice a year, once per semester. Conferences may be initiated by the parent/guardian, the teacher, or the principal. To schedule a conference, please contact your student's teacher(s).

OPEN HOUSE/FAMILY ORIENTATION - Open House/Family Orientation occurs prior to school opening, so that students, parents and guardians can attend and familiarize themselves with their classroom and building layout. For information call 419.626.6940 or see our website at www.scs-k12.net.

TEXTBOOKS - Students are issued textbooks. If a student loses or destroys a textbook, the parent/guardian will be liable for replacement costs. Charges will be assessed for damaged books. Students are expected to keep their textbooks covered at all times. Students are responsible for bringing books to class daily.

LIBRARY - Before leaving the library, students must show that they have properly charged out all library materials in their possession. All students will be held financially responsible for damaged or lost items and materials belonging to the schools and used by the student.

FAILURE TO PAY FINES AND/OR COSTS - Failure to pay fines or other school costs will result in the withholding of a student's report card, as sanctioned by the Ohio Revised Code Section 3313.642. In the event that a student's report card is withheld, parents/guardians will be notified in writing detailing the student's financial obligation.

LOST AND FOUND - Lost articles should be turned in at the office or designated area. Students seeking lost articles may find them by making inquiry at the office or checking at the designated area.

VALUABLES - Students are discouraged from bringing money or other valuable items to school. In the event it is necessary to bring money, it should be turned in to the teacher/office for safekeeping.

GIFTS FOR TEACHERS AND OTHER STAFF MEMBERS - The giving of gifts to teachers and other staff members is discouraged.

ATHLETIC EQUIPMENT - All athletes will be responsible for the care of and return of any equipment issued in the student's name during a sport season. Failure to return all equipment issued at the conclusion of a sport season shall cause the termination of any athletic practice or participation in a school-sponsored activity until the equipment is returned or paid in full.

TELEPHONE/CELL PHONE - Students may not use a telephone during school hours in school buildings, on school grounds or school bus unless authorized by a school official.

NON-SCHOOL-SPONSORED PUBLICATIONS - Distribution of non-school publications comes under the jurisdiction of the assistant superintendent and must have his/her approval prior to distribution. Slandorous articles or statements could be due cause for legal action against the authors/editors.

STUDENT-SPONSORED PUBLICATIONS (DISTRIBUTION OF NON-SCHOOL LITERATURE) - The Board of Education respects the right of students to express themselves and to distribute printed materials as a part of that expression, but recognizes that the exercise of that right must be limited by the responsibility to maintain an orderly school environment and to protect the rights of all members of the school community.

For purposes of this policy, "publications" shall include any written or printed cards, letters, circulars, books, pamphlets, notices, banners, newspapers, any electronic publications, or other like materials. Such publications may include material not prepared by the student himself/herself. (See Copyright Policy.)

The Board reserves the right to designate and prohibit the distribution of publications that are not protected by the right of free expression because they violate the rights of others. Such unprotected materials are those which:

- are grossly prejudicial to an ethnic, religious, racial, or other delineated group;
- libel any specific person or persons
- seek to establish the supremacy of a particular religious denomination, sect, or point of view over any other religious denomination, sect, or point of view
- advocate the use or advertise the availability of any substance or material which may reasonably be believed to constitute a direct and substantial danger to the health of students
- contain obscenity or material otherwise deemed to be harmful to impressionable students who may receive them;
- incite violence, advocate the use of force, or urge the violation of law or school guidelines
- fail to identify the student or organization responsible for distribution

- solicit funds for non-school organizations or institutions when such solicitations have not been approved by the Board
- promote, favor, or oppose any candidate for election to the Board or the adoption of any bond issue, proposal or question submitted at any election

The Board reserves the right to halt the distribution of unprotected materials.

The Board shall require that students who wish to distribute materials must submit them for prior review. Where the reviewer cannot show within three (3) school days that the materials are unprotected, or where unprotected material is deleted or modified so as to be no longer unprotected, such material may be distributed. Appeal from prior review shall be permitted to the Superintendent in accordance with District rules.

The Board shall require that the distribution of printed materials take place only at the places and during the times set forth in the administrative guidelines of this District in order that such distribution not interfere with the orderly operation of the schools. The Superintendent shall develop administrative guidelines for the distribution of student publications.

ATTENDANCE - Regular attendance by all students is very important. In many cases, irregular attendance is the major reason for poor schoolwork. Therefore, the board seeks cooperation from parents in the matter of school attendance and punctuality. All students will be urged to plan to shop, make dental appointments, do personal errands, etc., on Saturdays, school holidays, or after school.

In the interest of your student's welfare, Sandusky City Schools has adopted an attendance policy designed to keep the lines of communication open between the home and school. We are aware that in many instances, prolonged illnesses prevent students from attending school.

It is our intention to keep you informed of unexcused or questionable absences with phone calls, letters, and home visits. The number of days of attendance and absence are also listed on the student's grade card. If you have any questions regarding your student's attendance or days of absence, be sure to contact the principal. It is beneficial to your student when home/school communications are maintained.

In the event of a necessary absence, the parent is expected to inform the school by telephone.

ATTENDANCE POLICIES - If a student is unable to attend school, and prior arrangements were not made, the parent of the student should call the school office or email building secretary within an hour of the student's start time on the day of each absence.

Reasons for which students may be medically excused include, but are not limited to:

1. Personal illness of the student
2. Illness in the student's family necessitating the presence of the student

EXCUSED ABSENCE - Absence of students from school at the request of parent/guardian and with the consent of school authorities and in compliance with Section 3321.04 of the Ohio Revised Code. School attendance is tracked according to hours.

EXCUSED ABSENCE: WHAT PARENTS/GUARDIANS MUST DO

1. Call your student's school each day your student is absent
2. Send a signed note to school with your student on the day he/she returns. This note should be taken to the attendance office and should include:
 - a. Current date
 - b. Dates of absence
 - c. Reason for absence
 - d. Signature of parent or guardian
 - e. Telephone number where parent/guardian can be reached.
3. Secure a doctor's note or emergency room note any time your student receives treatment. This note should be brought to the school office.
4. Students missing an excessive number of school days may be required to have a doctor's excuse.

EXCUSED ABSENCE: WHAT STUDENTS MUST DO

1. Bring a note to school signed by a parent/guardian explaining the absence. Failure to submit a note will be considered an unexcused absence.
2. Make up all missed assignments. It is the student's responsibility to contact teachers about assignments. The number of days given to make up work is equal to the number of days absent. Example: 3 days absent equals 3 school days to make up work. The teacher may grant additional make up days if warranted.

UNEXCUSED ABSENCE - Students arrival and departure times will be kept track of by the building. If a student does not report to school and/or leaves school grounds for any reason and is not officially signed out by their parent/guardian, they will be marked UA (Unexcused Absence) and subject to discipline. All accumulated hours of absence will count towards their total absent time.

PARTICIPATION IN EXTRACURRICULAR ACTIVITIES - Absence from school prohibits participation in extracurricular activities on the day of the absence.

TARDIES - A student is considered tardy if they are not in their classroom at the time school is scheduled to begin for the day. In the event the student has been delayed in the building at a location (e.g., office), the classroom teacher will be notified of the delay. Upon receipt of the notification, the classroom teacher will not record the tardy.

Parents/Guardians are expected to contact the school if their student is going to be tardy. Parents/Guardians should provide a note when their student reports to school. If a student is going to be tardy due to a scheduled health-related appointment, the parent/guardian should contact the school prior to the appointment. The student should bring a note signed by a medical personnel when they return to school.

Tardies (excluding a doctor's note) accumulate towards total absence hours per academic year.

Students should report to the building office upon arrival to turn in medical documentation and receive a tardy slip.

Continued tardiness may result in referral to the Juvenile Court Attendance Officer.

TRUANCY - Absence of students from school or classes without the permission of a parent/guardian or school authorities is considered truancy.

A “habitual truant” is any student of compulsory school age who is absent without a legitimate excuse for:

- 30 or more consecutive school hours
- 42 or more school hours in one month
- 72 or more school hours in a school year.

ABSENCES - Absence of students from school or classes for any reason. An “excessively absent” student is any student of compulsory school age who is absent with or without legitimate excuse for:

- 38 or more school hours in one month
- 65 or more school hours in a school year.

VACATIONS - Sandusky City Schools does not support the excusal from school for vacations or other nonemergency trips. The responsibility for such absences resides with the parent(s)/guardian(s), and they must not expect any work missed by their student to be retaught by the teacher. If the school is notified two weeks in advance of such a trip, reasonable efforts are made to prepare a general list of assignments for the student to do while he/she is absent.

Sandusky City School is now mandated by law to send courtesy letters regarding students’ attendance. Most parents agree with us that good attendance in school is one of the most important factors in a student’s educational career. We realize that students become ill or have appointments, yet students who are frequently absent or late for class miss activities that are necessary for building academic and social skills. When healthy, students are required by law to be at school so they can receive all the instruction that is available to them.

NON-EMERGENCY TRIPS DURING SCHEDULED SCHOOL DAYS - The board does not condone student absence for non-emergency trips, such as family vacations, out of the district. Students who are taken out of school for trips or vacations will not be given permission to do so by the school. The responsibility for this absence will rest with the parents and they must not expect any work missed by their student to be repeated by the teacher. However, if the school is notified in advance of such a trip, every effort will be made to prepare a general list of assignments for the student to do while he is absent. These absences will be recorded as **unexcused** and will count towards calculation.

EARLY SIGN-OUT PROCEDURE - Occasionally, a student may have to leave school before dismissal time due to certain situations, i.e., medical appointments or for personal reasons. The day the student is to leave, school the following procedures will be used:

1. The parent must send a note to school stating the reason for early dismissal. The note must be taken to the appropriate school office prior to the start of the school day.
2. All students are required to have their parent/guardian sign them out in the main office. If for any reason a parent/guardian is unable to come to school to sign the student out, this, as well as the student’s means of transportation home or to the appointment, **must** be stated in a note.

SAFETY PRACTICES AND REGULATIONS

EMERGENCY FIRE EQUIPMENT - Students are not to handle any fire equipment such as hoses or fire extinguishers at any time. It is imperative that all fire equipment is in working condition in the event of an emergency and any student caught disturbing fire equipment will be disciplined accordingly.

Fire drills - Every room in the building shall have a directional sign conspicuously posted so as to give proper directions to the students in the respective classroom at the time of any emergency.

Any student causing or contributing to a false fire alarm shall have established cause for suspension and/or expulsion. The following procedures shall be adhered to:

1. Move swiftly - do not run.
2. Follow signs and directions.
3. Move out of the door and away from the building.
4. Return to the building only upon directions from school personnel.
5. Remain quiet so that directions can be heard.

EMERGENCY PROCEDURES (TORNADO WARNING, ETC.) - If an emergency of this nature should be announced, each teacher will direct his/her respective class to the assigned area. Students will follow all safety procedures and remain in the assigned area until dismissed.

SCHOOL SECURITY - Video cameras may be placed in buildings to assist in providing a safe, secure environment for all staff, students, and community. They may be used to monitor student behavior and may be used in student discipline proceedings. Video recordings are student records subject to district confidentiality, board policy, and administrative regulations.

WEATHER GUIDELINES GRADES K-6 - Students in grades K-6 will be expected to participate in outdoor recess activities unless weather conditions are such that it would be harmful for students to be outdoors. Students will remain indoors when temperatures fall below 20 degrees or when the wind chill factors come within that temperature range. In addition, all schools have teacher supervisors on the playground at all times to determine if it becomes too cold or too windy to be outdoors. Outdoor recess is a part of a student's daily activities. There may be circumstances which require a student to remain indoors during recess. In these cases a note from the parent/guardian is required explaining the reasons a student is to remain indoors. Such a note may cover a period of three (3) days. If the period of time a student is to remain indoors is longer than three (3) days, a doctor's statement is required.

Parents/Guardians are reminded of their responsibility of ensuring appropriate dress based on the dress code and weather conditions.

STUDENT SERVICES - Every student has available many services other than those pertaining to academic education:

SCHOOL COUNSELOR - Any time a student feels the need for assistance in matters of a personal or academic nature, the student needs only to make an appointment with our counselor.

PSYCHOLOGIST - The services of a school psychologist are available to any student if the situation warrants.

SPEECH THERAPY - Therapy from a school speech therapist is available to any student if the need is warranted.

STUDENT INSURANCE - Every student will have an opportunity during the first two weeks of school to purchase insurance coverage. A student may buy either the day coverage or the twenty-four hour year-long coverage. All insurance is an "excess" type. Students participating in interscholastic athletics or intramurals must have insurance or the parents/guardians must sign a "waiver" before they are permitted to practice or play.

If a student has an injury which is covered by the policy, the claim should be completed and turned in to the principal's office within 30 days of the date of injury.

HEALTH SERVICES - The services of school nurses and family health services are available to assist students with health related issues. The schools' health service program is not intended to replace regular medical supervision by the family physician (m.d. or d.o). Parents are urged to have their students examined as recommended by their family physician (m.d., or d.o., or their nurse practitioner).

STUDENT ILLNESS - Please inform us if your student has a history of a serious medical condition. This will enable us to keep the health records up-to-date and be prepared to care for your student should an emergency arise. Please check your student for signs of illness before sending him/her to school. To avoid exposing other students, your student should remain at home if any signs of illness, such as fever, vomiting, etc., are present.

IMMUNIZATIONS - The immunization of students is the parent's/guardian's responsibility. Parents/guardians of students transferring from other districts will be given 30 days to present written evidence that the immunization requirements have been met. If evidence is not provided within 30 days, the student shall be excluded from school until the immunization series is initiated or written evidence of immunization is obtained.

REQUIRED IMMUNIZATIONS - In accordance with ohio law, students in grades 1-12 are required to have immunizations before being admitted to school. *See chart on next page.* Tuberculin testing - all students entering from a foreign country must also show evidence of having a mantoux test within the past twelve months.

FIRST AID AND EMERGENCY CARE

First aid and emergency care for accidents or illness is provided during school hours. The student and his/her parents/guardians must assume responsibility for treatment beyond first aid. Parents/Guardians will be notified in all questionable cases.

EMERGENCY MEDICAL AUTHORIZATION FORM - Parents/guardians are to complete the emergency medical authorization form neatly and completely and return it to their student's school on the next school day. **In case of an emergency, if the school is unable to contact the parent/guardian, the emergency contact will be used. Please make certain a local phone number is used for the emergency contact. Please notify the school immediately when any emergency information changes.**

ABSENCE FROM SCHOOL - Students returning from school following an illness must bring a note signed by the parent/guardian upon his/her return to school. This note should include the dates of absence, cause of the absence, and any special instructions. If the advisability of admitting the student is in question, the school nurse may check the student prior to admittance. (if the student returns to school with instructions for administration of medication, a physician's request for the administration of medication in school form must be completed and signed by the prescribing physician and the parent/guardian and accompany the medication in the original bottle and note.)

Following a severe illness, a parent/guardian may request that a student remain indoors during recess. This request requires a note signed by the parent/guardian stating the number of days and reason for the request. If the request is for longer than 3 days, a note from the family physician is required.

The management of medication in specific situations is arranged cooperatively by the parent/guardian, physician, principal, school nurse, teacher, and student. In those specific situations where a student regularly needs medication at school, the parents/guardians shall be given a *"prescriber's request for the administration of medication in school"* form to be completed and signed by both the physician and the parents/guardians before the medication can be administered. All medication must be received in the original container and given to school personnel for storage in a locked area.

Upon crossing, the student must remain 10 feet in front of the bus, clearly in view of the driver at all times.

If approval is granted, the note containing the building administrator's or his/her designee's signature shall be presented to the driver upon entering the bus. Parents/guardians will be required to pay for all damages done by a student who is apprehended for writing on, defacing, or destroying school buses.

TRANSPORTATION OF STUDENTS - Only assigned bus students will be transported to and from school. All other students will be prohibited from riding the bus. Riding or attempting to ride a school bus by non-assigned students shall be considered an act of insubordination.

TRANSPORTATION OF PERSONS OTHER THAN STUDENTS - It is unlawful to transport a parent, sibling, or any visitor on a school bus (Ohio Revised Code section 3327.01). The only exception shall be for persons serving as volunteer chaperones.

STUDENT'S EQUIPMENT - Band instruments, athletic bags, books, lunch bags, backpacks, and all other articles carried by students are to be put in a safe place. Objects shall not be placed in the aisles, in front of the emergency door, at the entrance of the bus, or anywhere that might endanger students or hinder the safe operation of the vehicle. If equipment is too large to be carried safely, it will be refused.

FORBIDDEN CARGO - The bus driver shall not transport animals, weapons, ammunition, explosives, glass bottles, or other dangerous materials or objects. Students being transported shall comply with the bus driver's decisions regarding questionable items. Toy guns are also excluded from transportation.

VIDEO CAMERAS ON TRANSPORTATION VEHICLES - To ensure the health, welfare, and safety of all students riding in school transportation vehicles, the district shall utilize video cameras and recorders on all school vehicles transporting students to and from curricular and extra-curricular activities. The video cameras and recordings will be used to monitor student behavior and may be used as evidence in student disciplinary proceedings.

The video recordings are student records subject to District confidentiality, Board policy, and administrative regulations. The Superintendent or his designee is directed to develop administrative regulations governing the use of video cameras in accordance with the provisions of law and this policy.

STUDENT CODE OF CONDUCT - Students, like all citizens, have rights guaranteed by the Constitution of the United States. The First Amendment, which ensures the freedom of religion, speech, press, assembly and petition, and the Fourteenth Amendment, which guarantees due process and equal protection, apply in school environments.

The rights of an individual are preserved only by the protection and preservation of the rights of others. A student is responsible for the way rights are exercised and must accept the consequences of actions and recognize the boundaries of rights. Each exercise of an individual's rights must demonstrate respect for the rights of others.

These statements set forth the rights of students and the responsibilities which are inseparable from these rights, which include:

1. Civil rights, including the rights to equal educational opportunity and freedom from discrimination and the responsibility not to discriminate against others
2. The right to attend free public schools; the responsibility to attend school regularly and to observe school rules essential for permitting others to learn at school
3. The right to due process of law with respect to suspension and expulsion
4. The right to free inquiry and expression and the responsibility to observe rules regarding these rights and the right to privacy, which includes privacy with respect to the student's school records

As part of the educational process, students should be made aware of their legal rights and of the legal authority of the Board to make rules and delegate authority to its staff to make rules necessary for the orderly operation of the schools.

A copy of the school discipline code is posted in each of the schools and given to each student. This code describes in detail the offenses such as truancy, tardiness, property damage, etc., for which disciplinary action may be taken. Copies of the code are available to any parent in the principal's office. (Ref: Policy JF)

DISCIPLINARY RULES AND REGULATIONS - The following code sets forth rules prohibiting certain types of conduct of students of the Sandusky City School District. This code specifies the activities which may subject a student to various disciplinary penalties and the procedure to be followed by school officials when such disciplinary sanctions are contemplated and/or imposed is outlined.

This code shall be applicable to any conduct on school grounds, during and immediately before or after school hours; on school grounds at any other time when the school or the school grounds are being used by a school-related group; off school grounds at a school sponsored or endorsed activity, function or event; on a school bus or conveyance; or at any other time when the student is subject to the authority of the school.

STUDENT BEHAVIOR AND DISCIPLINE - When considering discipline of a student for violation of one or more of the offenses listed in the Student Code of Conduct, all procedures for suspension and expulsion must be followed. Students shall also be informed that the specific offense may result in these forms of discipline.

This section identifies four levels of offense and the most severe disciplinary actions that may be taken in response to each level of offense. The most severe disciplinary action permissible may not necessarily be used in all instances. Persistent violation of offenses under any level may result in movement to the next level of corrective action. Any offense may be moved to a higher level, depending on the severity of the offense.

Some behavior prohibited by the District's Student Code of Conduct is also prohibited by Ohio Criminal Law. Consequently, violation of the District's policy may result in the student being referred to the appropriate court of law. This reporting may be taken in addition to the discipline imposed by local school authorities. ***Any offense may rise to next level based on severity or repetition of the infraction.***

PERSONAL SEARCHES (DRUGS AND ALCOHOL) - When there is reasonable suspicion that a student is in possession of illegal or dangerous items, or substances or paraphernalia prohibited by this policy, a school official may ask the student to reveal the item suspected to be on his/her person. If the student refuses, the school official may do any of the following:

1. Detain the student and call the student's parent for permission to search
2. Detain the student and call the police
3. If there is probable cause to believe that the student is in possession of items which constitute a danger to him/herself or other persons, or property, the student may be searched to the extent necessary under the circumstances to eliminate the danger.

In determining whether reasonable suspicion to search exists, the following factors are to be considered: the relative seriousness of the suspected violation, the potential danger to the health and safety of students and staff, the reliability of information used as justification for a search, the value of the items involved, the possible consequences of delaying the decision to search, and the prior experience with the student. In determining whether individualized probable cause to search exists, the above factors are considered, but to a greater degree of certainty than reasonable suspicion, and that evidence exists which tends to indicate that this particular student has possession of the item sought. The school official making the decision to search shall bear in mind that the more intrusive the proposed search, the clearer the individualized probable cause should be.

 B. Third and Subsequent Offense: Parent pick up of confiscated electronics

Refusal to turn electronics in results in office referral and other consequences:

- The possession or use of laser pointers is prohibited at any time while on school property. Students are never to bring personal laptop computers into the building because of district systems security and protection concerns.
- Possession may result in the confiscation of the device in its entirety, disciplinary action and parent retrieval of the item at the sole discretion of the administration. The use of electronic devices for illicit or harassing purposes is a serious violation of school rules and state laws and may be handled accordingly.

FIGHTING (in or near school building or at school sponsored functions) - Any student involved in a fight will cause an immediate ten (10) day suspension from school with a recommendation for expulsion or manifest determination. Parents shall be contacted by phone (when possible) and by letter. The Police and/or juvenile court may be notified of the incident.

LOCKERS/CUBBYS – Student lockers/cubbys are the property of the District, and since random searches have a positive impact on reducing drugs and other criminal activity, it is the policy of the Board to permit the building administrator to search any locker/cubby and its contents as the administrator believes necessary. Such notice will be posted at or near the entrance to the school grounds and at the main entrance to each school building. (Ref; Policy JFG)

- Police and/or juvenile court may be notified of any serious incidents and at their discretion, may conduct an investigation.
- Any incidents will be subject to discipline and could include being denied bus riding privileges.

- Student identification cards must be presented upon request for admission to the school bus.

The Board furnishes transportation in compliance with State law. This fact does not relieve parents of students from the responsibility of supervision until such time as the student boards the bus and after the student leaves the bus at the end of the school day. Students on a bus are under the authority of, and directly responsible to, the bus driver. The driver has the authority to enforce the established regulations for bus conduct. Disorderly conduct or refusal to submit to the authority of the driver is sufficient reason for refusing transportation services or suspending transportation services to any student once proper procedures are followed. The Board authorizes the Superintendent or other administrators to suspend a student from school bus riding privileges only for a period of up to one school year. The only due process required is notice to the student of an intended bus riding suspension and an opportunity to appear before the administrator considering the suspension before it happens. Student accounts are necessary for assignments and grades. Student accounts are password protected. It is the student's responsibility to create and maintain their password. Individual student accounts are created and maintained by the school district. All accounts are the property of the school district and follow the signed, one-year, limited contract between the parent/guardian, students, and school. The school retains the ownership of all hardware and software. The school reserves the right to inspect, monitor, copy, and/or delete all files and records created or stored on school owned computers. Students must observe the following guidelines. Failure to comply will be due cause for discipline.

TRESPASSING - Students shall not enter upon school grounds or premise of a school building to which the students are not assigned during or after school hours except with the express permission of the school principal of that building or to attend or participate in a school-sponsored event in which their regularly assigned school is involved or where students from their regularly assigned school have been invited to attend or participate. No disciplinary removal may extend beyond five (5) school days

EMERGENCY REMOVAL - This is defined as the denial to a student whose presence poses a continuing danger to persons or property or an ongoing threat of disrupting the academic process taking place either within a classroom or elsewhere on the school premises, for a period not exceeding twenty-four (24) hours, of permission to attend school and to take part in any school function.

When circumstances are such that a student's continuing presence in school pending completion of the procedures set forth under Suspensions and Expulsions is reasonably certain to pose a continuing danger to persons or property or an ongoing threat of disrupting the academic process taking place either within the classrooms or elsewhere, on the school premises or at school-sponsored or related activities or events, the superintendent or principal or assistant principal may remove a student from curricular, extra-curricular or co-curricular activities or from the school premises, without complying with the notice and hearing requirements of Suspensions and Expulsions. In like circumstances, a teacher may remove a pupil from curricular, extra-curricular or co-curricular activities under his/her supervision, without complying with the notice and hearing requirements of Suspensions and Expulsions. As soon as practicable after making such removal, the teacher shall submit reasons, in writing, for such removal to the principal.

If a student is removed under Emergency Removals, written notice of the reasons for the removal shall be given to the student in a timely manner. The hearing must be held within twenty-four (24) hours from the time the initial removal is ordered. The hearing shall be held in accordance with the procedures set forth under Suspensions, unless it is probable that the student may be subject to expulsion. In that event, the hearings shall be held in accordance with the procedure set forth under Expulsions, except that the hearing shall be held within twenty-four (24) hours of the initial removal. The school official, who ordered, caused or requested the student's removal under this article shall be present at the hearing. This procedure shall not and need not be followed in cases when a student is removed from one or more curricular activities for a period of less than twenty-four (24) hours and is not subject to suspension, expulsion, or for removal from extra-curricular or co-curricular activities.

SATURDAY SCHOOL – Saturday School may be assigned as an alternative to a Behavior Intervention Assignment for the following policy violations: truancy, tardiness, smoking, detention misses, profanity towards students, and insubordinate/inappropriate behavior. Saturday School will be assigned by the principal or assistant principals for infraction of school policies and will be served at the rate of two (2) hours per day (8:00 a.m. - 10:00 a.m.). There will be a limit of five occasions per semester upon which a Saturday School may be assigned. Students are to be prepared with assignments prior to entering each session.

Assignments must be lengthy enough to keep the student engaged in study for two hours. Resources and information packets will also be available for students, based on the type of infraction that caused the student to be in violation of school policy. Failure to attend or removal from Saturday School will result in a one day Behavior Intervention Assignment. All requests to delay Saturday School must be granted by the principal or assistant principal prior to 3:00 p.m. on the Friday before the designated starting date.

When the alleged misconduct becomes known, the student shall be given written notice of the intention of Saturday School Assignment as an option to a Behavior Intervention Assignment and the reasons for such action by the principal. The student will be given an opportunity to appear at an informal hearing before the superintendent, principal or assistant principal and challenge the reasons for the

It also shall include notification of the right of the student of his/her parent, guardian or custodian to appeal the Saturday School Assignment to the Board of Education or its designee within 10 calendar days of the Saturday School Assignment in order to be heard against the assignment, to be represented in the appeal proceeding, to be granted a hearing before the Board or its designee in order to be heard against the Saturday School Assignment and to request that such hearing be held in executive session. possible Saturday School Assignment or otherwise explain his/her actions.

This procedure shall not and need not be followed in cases where a student is removed from one or more curricular activities for a period of less than twenty-four (24) hours and is not subject to suspension or for removal from extra-curricular or co-curricular activities. The following rules and regulations will be in effect regarding Saturday School:

- Students will be given the opportunity to complete regular class work while assigned to the Saturday School room. Credit for completed assignments will be issued by a regular classroom teacher.
- Refusal to accept any academic, supplemental or remedial work will be grounds for removal from the Saturday School.
- Students assigned to the Saturday School program are expected to bring all items necessary for the entire morning including textbooks and materials.

- There will be no sleeping, laying of head on desk, talking, passing notes, noisemaking (verbally, tapping feet, humming, gestures), eating or drinking.
- Students must finish their assignments.

SUSPENSION - A suspension is defined as the denial to a student for a school period of at least one (1) but not more than ten (10) school days of permission to attend school and to take part in any school function. A suspension will be the temporary assignment of a student to his/her home for disciplinary purposes. While on suspension the student may not be on any school property without prior permission. Participation in any regular, extra-curricular or co-curricular school activity before, during, or after school is prohibited. Inclement weather/calamity days do not count as days of suspension.

When the alleged misconduct becomes known, the student shall be given written notice of the intention of suspension and the reasons for such action by the superintendent or principal. The student will be given an opportunity to appear at an informal hearing before the superintendent, superintendent's designee, principal or assistant principal and challenge the reasons for the possible suspension or otherwise explain his/her actions.

Within twenty-four (24) hours after the time of a student's suspension, the superintendent or principal shall send written notice of the suspension to the student and his/her parent, guardian, or custodian and the Treasurer of the Board of Education. The notice shall specify the duration of the suspension and the reasons. It also shall include notification of the right of the student of his/her parent, guardian or custodian to appeal the suspension to the Board of Education or its designee within 10 calendar days of the suspension in order to be heard against the suspension, to be represented in the appeal proceeding, to be granted a hearing before the Board or its designee in order to be heard against the suspension, and to request that such hearing be held in executive session. This procedure shall not and need not be followed in cases where a student is removed from one or more curricular activities for a period of less than twenty-four (24) hours and is not subject to suspension or for removal from extra-curricular or co-curricular activities. Students may be assigned a suspension for directing profanity at visitors or school personnel, fighting, theft, intoxication, possession of alcohol or drugs, sale of drugs, possession of a weapon, extreme acts of vandalism, some forms of insubordination, and any act which threatens the well-being of students or staff.

To receive credit for assignments given during suspension, students will be given a timeframe not to exceed 3 days upon return to complete make-up work. This includes all tests and quizzes. Students are obligated to contact their teachers and/or guidance office to obtain assignments to complete during out-of-school-suspension (OSS.)

EXPULSION - Expulsion is defined as the denial to the student to attend school and school-sponsored activities, for a period exceeding ten (10) school days. Permission to attend school and to take part in any school function or the denial of permission to attend a particular class or classes or to take part in any activity for such a period. The Superintendent of Schools may expel a pupil from school for a period up to 80 days or one semester (Senate Bill 51, October 29, 1991). If, at the time an expulsion is imposed, there are fewer than 80 days remaining in the school year in which the incident that gives rise to the expulsion takes place, the Superintendent may apply any remaining part or all of the period of the expulsion to the following school year.

Prior to any expulsion, the superintendent or his designee shall give the student and his/her parent, guardian, or custodian written notice of intention to expel and shall provide the student and his/her parent, guardian or custodian with an opportunity to appear in person before the superintendent or his designee and challenge the reasons for the intended expulsion or otherwise explain the student's actions. The notice shall include the reasons for the intended expulsion, notification of the right of the student, guardian, custodian or their representative to appear before the superintendent or his designee to challenge the reasons for the intended expulsion or otherwise to explain the student's actions, notification of the time and place to appear. The time to appear should not be earlier than three (3) nor later than five (5) school days after the notice is given unless the superintendent grants an extension of time at the request of the student or his/her parent, guardian, custodian, or representative of the new time and place to appear.

Within twenty-four (24) hours after the time of any expulsion, the superintendent shall send written notice to the student and his/her parent, guardian or custodian and the Treasurer of the Board of Education. The notice shall specify the duration of the expulsion and the reasons therefore. It also shall include notification of the right of the pupil, or his/her parent, guardian, or custodian to appeal expulsion to the Board of Education or its designee within 10 calendar days of the expulsion in order to be heard against such expulsion, to be represented in the appeal proceeding, to be granted a hearing before the Board or its designee in order to be heard against the expulsion, and to request that such hearing be held in executive session.

This procedure shall not and need not be followed in cases when a student is removed from one or more curricular activities for a period of less than twenty-four (24) hours and is not subject to expulsion or for removal from extra-curricular or co-curricular activities.

CONDUCT RULES FOR EXTRA-CURRICULAR AND CO-CURRICULAR ACTIVITIES

If extra-curricular and co-curricular activities are to be a valuable part of the educational process, then as in the operation of the school, there must be rules and regulations to govern the conduct of the students participating in these activities. The Sandusky City Schools regard extra-curricular and co-curricular activities as a **privilege**, not a right; therefore certain rules must be followed. The students who represent Sandusky City Schools have chosen to make a commitment to their respective programs and they have a responsibility to meet these commitments. In order to aid our students in maintaining an optimum performance level and so that there can be consistency throughout the many programs; the following policies have been developed. These rules are to be in effect and enforced the entire year (12 months).

- **USE OF DRUGS OR ALCOHOL** - No student will possess, transmit or use drugs or alcohol, in any form, or have them in his/her possession. This shall include “look-a-like drugs” and drug paraphernalia.
 - The first violation will result in a denial of participation from 20% of the regularly scheduled contests or length of program for that activity. Where a fraction results, the number will be moved up to the next whole number. The denial of participation will begin the day the violation becomes a matter of record. If less than 20% of the contests or program remain, the percentage shall be recalculated and applied toward the next program or sports season in which the student participates. The principal shall determine the extent of participation in regard to practices, meetings, or post-season activities, after considering input from the athletic director or advisor for extra-curricular or co-curricular activities.
 - The second violation will result in a complete denial of participation for a period of 90 school days. The denial of participation will begin the day the violation becomes a matter of record. The student may not return to any extra-curricular or co-curricular activity until he/she completes a certified drug and alcohol assessment and follows the assessment recommendations. Failure to follow the assessment recommendations will result in further denial of participation until the recommendations are followed.
 - The third violation will result in a complete denial of participation through graduation.
- **USE OF TOBACCO PRODUCTS** - No student will possess, transmit or use tobacco, in any form, or have it in his/her possession.
 - The first violation will result in a denial of participation from 10% of the regularly scheduled contests or length of program for that activity. Where a fraction results, the number will be moved up to the next whole number. The denial of participation will begin the day the violation becomes a matter of record. If less than 10% of the contests or program remain, the percentage shall be recalculated and applied toward the next program or sports season in which the student participates. The principal shall determine the extent of participation in regard to practices, meetings, or post-season activities, after considering input from the athletic director or advisor for extra-curricular or co-curricular activities.
 - The second violation will result in a complete denial of participation for a period of 45 school days. The denial of participation will begin the day the violation becomes a matter of record. The student may not return to any extra-curricular or co-curricular activity until he/she attends meetings (minimum of four hours total time) dealing with the dangers of the use of tobacco. The principal shall determine the acceptability of the program.
 - The third violation will result in a complete denial of participation for one full calendar year.

All other behavior unbecoming of a Sandusky student such as insubordination toward the coach(s), director(s), advisor(s), and official(s), unsportsmanlike conduct, profane/inappropriate language, obscene gestures, etc., may result in a denial of participation in all activities or a specific activity for a portion of the year/season, as determined by the building principal.

SCHOOL-SPONSORED CLUBS AND ACTIVITIES

1. The Sandusky Schools provide students with the opportunity to broaden their learning through co-curricular (curricular related) activities. A co-curricular activity may be for credit, required for a particular course, and/or contain school subject matter.
2. The school has many authorized student groups. It is the District’s policy that the only authorized groups are those approved by the Board of Education and sponsored by a staff member.
3. Participation in extra-curricular activities is a privilege, not a right. Extra-curricular activities do not reflect the school curriculum, but are made available to students to allow them to pursue additional worthwhile activities such as recreational sports, drama, and the like.
4. All students are permitted to participate in the activities of their choosing, as long as they meet the academic eligibility requirements. These requirements are not less than the requirements for student athletes as passed by the Ohio High School Athletic Association and are adopted by the Sandusky Board of Education.

ATHLETIC EQUIPMENT - All athletes will be responsible for the care of and return of any equipment issued in the student’s name during a sport season. Failure to return all equipment issued at the conclusion of a sport season shall cause the termination of any athletic practice or participation in a school-sponsored activity until the equipment is returned or paid in full.

NON-SCHOOL-SPONSORED CLUBS AND ACTIVITIES - Non-school-sponsored student groups organized for religious, political, or philosophical reasons may meet during non-instructional hours. The application for permission can be obtained from the Principal. The application must verify that the activity is being initiated by students, attendance is voluntary, that no school staff person is actively involved in the event, that the event will not interfere with school activities and the non-school persons do not play a regular role in the event. School rules will still apply regarding behavior and equal opportunity to participate.

Membership in any fraternity, sorority, or any other secret society as prescribed by law is not permitted. All groups must comply with school rules and must provide equal opportunity to participate. Youth gangs are not permitted. Gangs are characterized by secret or exclusive membership and unlawful or anti-social behavior that threatens the welfare of others. If a student is suspected of being a member of a gang, his/her parents will be contacted, proper authorities will be notified, parents will be held liable for any damages or vandalism and disciplinary measures including suspension and expulsion may be applied.

Non-district-sponsored organizations may not use the name of the school or school mascot.

NON-SCHOOL-SPONSORED PUBLICATIONS – The distribution of such publications as to when and where, does come under the jurisdiction of the principal and must have his prior approval. It is appropriate to mention that slanderous articles or statements could be due cause for legal and/or school disciplinary action against the authors or editors.

CONDUCT OF STUDENTS REPRESENTING THE SCHOOL - The Sandusky Board of Education recognizes the value of extra-curricular and co-curricular activities in the education process and the values that young people develop when they have an opportunity

to participate in an organized activity outside of the traditional classroom. The Board of Education regards the participation in any extra-curricular or co-curricular activity as a privilege. Students involved in board approved activities are expected to demonstrate the same level of responsibility and behavior at practice and competitions as is expected in the classroom. The board further expects each student who chooses to participate in extra-curricular or co-curricular activities to demonstrate a high level of sportsmanship, ethics and integrity in all phases of the educational process and in all segments of their involvement in the community.

Therefore, as provided for in Ohio Revised Code Section 3313.664, the Board of Education authorizes the building principal to deny a student from participating in all extra-curricular or co-curricular activities for the following:

- Violations of the Student Code of Conduct.
- Violations of established athletic training rules or rules of the school organization that the student is a member.
- Failure to meet academic standards as established by the Board of Education.
- For conduct that demonstrates lack of character, integrity, or ethics and/or conduct that may bring discredit to the school or its programs.
- For behavior which indicates that a student's further participation in any activity that may represent a threat to the safety and/or wellbeing of other students and/or staff.

A denial of participation may be invoked for student conduct that occurs at school and/or a school related activity and/or for conduct outside the school day and/or off school property during the entire year (**12** months). The length of denial of participation from extra-curricular or co-curricular activities may be from (1) one day to a full calendar year. The exact length of the denial of participation shall be determined by the building principal. This determination shall be based upon such factors as the severity of the misconduct, the frequency of a student's involvement in other situations involving misconduct, concern for the safety of other students and/or staff members, concern for the reputation of the school and or the extra-curricular or co-curricular program(s) the student is associated with, and/or other factors that may be deemed relevant by the principal. A denial of participation, as used in this policy, relates only to extra-curricular or co-curricular activities and does not relate to the removal of a student from the school district's educational program.

SERVICES TO STUDENTS WHO ARE GIFTED - Assessments for gifted identification and corresponding gifted service options are made available at all grade levels from k-12 in accordance with ohio's gifted operating standards for identifying and serving students who are gifted (2017). Sandusky city schools is proud to be the premier provider of gifted services to students in our community and greater regional area.

In the State of Ohio, districts are required to identify students who are gifted with tools listed on the state's Chart of Approved Assessments. Whole grade assessments are administered to all students in specific grade levels and/or grade bands. If students earn scores at a gifted level. parents will be notified of their identification and potential gifted service offerings. Students who earn scores in the retest range will be offered follow up assessments as appropriate.

Gifted services include instruction that is differentiated from the standard curriculum for that course in depth, breadth, complexity, pace, and/or where content is above-grade level. Services occur during the typical instructional day with flexibility allowed for the scheduling of district-approved internships or mentorships and higher education coursework, including credit flexibility.

Sandusky City Schools offers a differentiated continuum of services consistent with students' area(s) of identification. Gifted Services are offered in all of Sandusky City Schools' school buildings and may include but are not limited to such options as the following:

A maximum of 20 students at one time is permitted in this setting. The department of education, office for exceptional students, shall establish policies and procedures for granting temporary waivers related to this setting;

NOTICE OF NON-DISCRIMINATION

Title VI, Title IX, Section 504, Ohio Department of Education

The Sandusky City School District does not discriminate on the basis of race, color, national origin, sex, disability, or age in its programs and activities. The following person has been designated to handle inquiries regarding the District's nondiscrimination policies: Mr. Dennis Muratori, Chief of Staff/District Transformation Officer

Sandusky City School Schools

407 Decatur Street, Sandusky, OH 44870-2442

419-626-6940 or dmuratori@scsbluestreaks.net

Mr. Muratori may refer some matters related to students with disabilities to the Director of Student Services, 407 Decatur Street, Sandusky, Ohio 44870, who can also provide information concerning placement and services for students with disabilities under Ohio Department of Education, Section 504.

The Family Educational Rights and Privacy Act (FERPA) (20 U.S.C. § 1232g; 34 CFR Part 99) is a Federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education.

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT (FERPA) - FERPA gives parents certain rights with respect to their student's education records. These rights transfer to the student when he or she reaches the age of 18 or attends a school beyond the high school level. Students to whom the rights have transferred are "eligible students." Parents or eligible students have the right to inspect and review the student's education records maintained by the school. Schools are not required to provide copies of records unless, for reasons such as great distance, it is impossible for parents or eligible students to review the records. Schools may charge a fee for copies.

Parents or eligible students have the right to request that a school correct records which they believe to be inaccurate or misleading. If the school decides not to amend the record, the parent or eligible student then has the right to a formal hearing. After the hearing, if the school still decides not to amend the record, the parent or eligible student has the right to place a statement with the record setting forth his or her view about the contested information.

Generally, schools must have written permission from the parent or eligible student in order to release any information from a student's education record. However, FERPA allows schools to disclose those records, without consent, to the following parties or under the following conditions (34 CFR § 99.31):

- School officials with legitimate educational interest;
- Other schools to which a student is transferring;
- Specified officials for audit or evaluation purposes;
- Appropriate parties in connection with financial aid to a student;
- Organizations conducting certain studies for or on behalf of the school;
- Accrediting organizations;
- To comply with a judicial order or lawfully issued subpoena;
- Appropriate officials in cases of health and safety emergencies; and
- State and local authorities, within a juvenile justice system, pursuant to specific State law.

Schools may disclose, without consent, "directory" information such as a student's name, address, telephone number, date and place of birth, honors and awards, and dates of attendance. However, schools must tell parents and eligible students about directory information and allow parents and eligible students a reasonable amount of time to request that the school not disclose directory information about them. Schools must notify parents and eligible students annually of their rights under FERPA. The actual means of notification (special letter, inclusion in a PTA bulletin, student handbook, or newspaper article) is left to the discretion of each school.

Parent (or Eligible Student) if you do not want your student's (your) directory information shared, please complete "Form 020 Family Educational Rights and Privacy Act," available at offices or on our website, and return to the school your student attends (you attend).

Please complete the Parent/Guardian Acknowledgement Form on page 35 after reading and reviewing the handbook and return to your student's school as soon as possible.

TRUANCY - The Board endeavors to reduce truancy through cooperation with parents, diligence in investigating the causes of absence and use of strict guidelines in regard to tardiness and unexcused absence.

When the Board determines that a student has been truant and that the parent, guardian or other person having care of a student has failed to ensure the student's attendance at school, State law authorizes the Board to require the parent to attend a specified educational program.

This program has been established according to the rules adopted by the State Board of Education for the purpose of encouraging parental involvement in compelling the student's attendance at school.

On the request of the Superintendent, or when it comes to the attention of the school attendance officer or other appropriate officer of the District, the designated officer must investigate any case of supposed truancy within the District and must warn the student, if found truant, and the student's parent in writing of the legal consequences of being a "habitual" truant.

A "habitual truant" is any student of compulsory school age who is absent without a legitimate excuse for 30 or more consecutive hours, 42 or more hours in one month or 72 or more hours in a school year.

The parent is required to have the student attend school immediately after notification. If the parent fails to get the student to attend school, the attendance officer or other appropriate officer, if directed by the Superintendent or the Board, must send notice requiring the student's parent to attend a parental education program.

Regarding "habitual truants," the Board must take as an intervention strategy any appropriate action contained in Board policy.

The Board directs the administration to develop intervention strategies that include all of the following actions if applicable:

1. providing a truancy intervention plan meeting State law requirements for any student who is excessively absent from school;
2. providing counseling for a habitual truant;
3. requesting or requiring a parent having control of a habitual truant to attend parental involvement programs;
4. requesting or requiring a parent of a habitual truant to attend truancy prevention mediation programs;
5. notification to the registrar of motor vehicles or
6. taking appropriate legal action.

The attendance officer provides notice to the parent of a student who is absent without excuse for 38 or more hours in one school month or 65 or more hours in a school year within seven days after the date of the absence triggering the notice. At the time of notice, the District may take any appropriate action as outlined in this policy as an intervention strategy.

Absence Intervention Plan - When a student's absences surpass the threshold for a habitual truant, the principal or the Superintendent assigns the student to an absence intervention team within 10 days of the triggering event. The absence intervention team must be developed within seven school days of the triggering event and is based on the needs of the individual student. The team must include a representative from the student's school or District, a representative from the student's school or District who knows the student and the student's parent or their designee, and also may include a school psychologist, counselor, social worker or representative of an agency designed to assist students and their families in reducing absences. During the seven days while developing the team, the Superintendent or principal makes at least three meaningful, good faith attempts to secure participation of the student's parent. If the student's parent is unresponsive the District investigates whether the failure to respond triggers mandatory reporting to the appropriate student's services agency and instructs the absence team to develop the intervention plan without the parent.

Within 14 school days after a student is assigned to a team, the team develops a student specific intervention plan to work to reduce or eliminate further absences. The plan includes, at minimum a statement the District will file a complaint in juvenile court not later than 61 days after the date the plan is implemented if the student refuses to participate or fails to make satisfactory progress. The District makes reasonable efforts to provide the student's parent with written notice of the plan within seven days of development.

The absence intervention plan for a student may include contacting the juvenile court to have a student informally enrolled in an alternative to adjudication. The Board directs the Superintendent to develop written procedures regarding the use of and selection process for offering these alternatives to ensure fairness.

If the student becomes habitually truant within 21 school days prior to the last day of instruction of a school year, the District may either assign a school official to work with the student's parent to develop an intervention plan during the summer and implement the plan no later than seven days prior to the first day of instruction of the next school year, or reconvene the absence intervention process on the first day of instruction of the next school year.

Filing a Complaint with Juvenile Court - Beginning with the 2017-2018 school year, the attendance officer must file a complaint against the student in juvenile court on the 61st day after implementation of the absence intervention plan when:

1. the student's absences have surpassed the threshold for a habitual truant;
2. the District has made meaningful attempts to re-engage the student through the absence intervention plan, other intervention strategies and any offered alternatives to adjudication and
3. the student has refused to participate in or failed to make satisfactory progress on the plan or any offered intervention strategies or alternatives to adjudication as determined by the absence intervention team.

If the 61st day after intervention falls on a day during the summer months, the District may extend the implementation of the plan and delay the filing of the complaint for an additional 30 days after the first day of instruction of the next school year.

Unless the absence intervention team determines the student has made substantial progress on their absence intervention plan, the attendance officer must file a complaint against the student in juvenile court if the student is absent without legitimate excuse for 30 or more consecutive hours or 42 or more hours during a school month at any time during the implementation phase of the intervention plan or other intervention strategy.

Such behaviors are prohibited on or immediately adjacent to school grounds, at any school-sponsored activity, on school-provided transportation or at any official school bus stop that a reasonable person under the circumstances should know will have the effect of:

- Causing mental or physical harm to the other student/school personnel including placing an individual in reasonable fear of physical harm and/or damaging of students’/personal property
- Is sufficiently severe, persistent, or pervasive that it creates an intimidating, threatening, or abusive educational environment for the other student/school personnel.

BULLYING COMPLAINTS

FORMAL COMPLAINTS - Students and/or their parents or guardians may file reports regarding suspected harassment, intimidation, or bullying. Such written reports shall be reasonably specific including person(s) involved, number of times and places of the alleged conduct, the target of suspected harassment, intimidation and/or bullying, and the names of any potential student or staff witnesses. Such reports may be filed with any school staff member or administrator, and they shall be promptly forwarded to the building principal for review and action.

INFORMAL COMPLAINTS - Students, parents or guardians and school personnel may make informal complaints of conduct that they consider to be harassment, intimidation and/or bullying by verbal report to a teacher, school administrator, or other school personnel. Such informal complaints shall be reasonably specific as to the actions giving rise to the suspicion of harassment, intimidation and/or bullying, including person(s) involved, number of times and places of the alleged conduct, the target of the prohibited behavior(s), and the names of any potential student or staff witness. A school staff member or administrator who receives an informal complaint shall promptly document the complaint in writing, including the above information. This written report by the school staff member and/or administrator shall be promptly forwarded to the building principal for review and action.

ANONYMOUS COMPLAINTS - Students who make informal complaints as set forth above may request that their name be maintained in confidence by the school staff member(s) and administrator(s) who receive the complaint. The anonymous complaints shall be reviewed, and reasonable action will be taken to address the situation, to the extent such action may be taken that (1) does not disclose the source of the complaint, and (2) is consistent with the due process rights of the student(s) alleged to have committed acts of harassment, intimidation and/or bullying.

Once a complaint has been reported, school officials will take the following actions.

1. **Investigate:** Complaint forms located in the main office or may be obtained from a school administrator, school counselor and or the Sandusky City School Website. Upon receipt of the complaint form, schools will conduct an investigation involving appropriate personnel. The investigation may include interviewing the alleged offender(s) and victim(s), identified witnesses, teacher(s) and staff members, and reviewing video surveillance if available. School police, school counselors,

school social workers and/or other support staff will be utilized for their expertise as determined by the circumstances of the matter.

2. **Notify:** At the appropriate time, parents/guardians of the offender and the victim will be notified. If the incident involves an injury or similar situation, appropriate medical attention will be provided, and the parent/guardian will be notified immediately.
3. **Discipline:** Upon confirming that bullying has occurred, the offending student will be given a grade/age-appropriate level 3 consequence. Schools will clearly communicate to all parties that retaliation following a report of bullying is strictly prohibited and may result in strong disciplinary action.
4. **Follow Up:** Follow up is important to the offender and the victim. A planned method to provide after-care and follow up will be discussed.

5. **FALSE REPORTING** - Deliberately making false reports about harassment, intimidation, bullying and/or other aggressive behavior for the purpose of getting someone in trouble is prohibited and will not be tolerated. Deliberately making false reports may result in disciplinary action.

Documenting and Reporting Bullying and Aggressive Behavior Procedure

Board Policy JFCF - Excerpt: No administrator, teacher or other employee of the District shall encourage, permit, condone or tolerate any hazing and/or bullying activities. No students, including leaders of student organizations, are permitted to plan, encourage or engage in any hazing and/or bullying. Administrators, teachers and all other District employees are particularly alert to possible conditions, circumstances or events that might include hazing, bullying and/or dating violence. If any of the prohibited behaviors are planned or discovered, involved students are informed by the discovering District employee of the prohibition contained in this policy and are required to end all such activities immediately. All hazing, bullying and/or dating violence incidents are reported immediately to the principal/designee and appropriate discipline is administered.

Documenting and Reporting Bullying

Below is our procedure and process for reporting and investigating bullying and aggressive behavior within the district. To better communicate and document the procedure and process, we have created **3 Simple Steps to Documenting and Reporting Bullying** (see below), and three forms to document the complaint and investigation. Forms detail required action and reporting to required parties:

- Bullying and Other Forms of Aggressive Behavior Complaint Form, form 195
- Select one of the follow forms depending on the outcome of the investigation:*
- Bullying Complaint Investigation Notification Form - Confirmed Incident, form 196
 - Bullying Complaint Investigation Notification Form - Not Confirmed Incident, form 197

For questions and information regarding procedure and Board Policy JFCF or to report possible bullying, refer to the Chief of Staff at 419-984-1015 or email chiefstaff@scs-k12.net or Ask Us@scs-k12.net.

3 Simple Steps to Documenting and Reporting Bullying

1. Any bullying or aggressive behavior incident reported to building administrators (formal or informal) must be reported as a written complaint on the Sandusky City Schools Bullying and Other Forms of Aggressive Behavior Complaint Form, form 195B.
2. Building administrators must investigate all reports of bullying. The investigation will determine if the definition of bullying has been met.* The appropriate box will be checked on the bullying form and parents/guardians of all students involved will be notified.
3. Parents/Guardians must be notified of the nature of confirmed bullying complaints involving their student (perpetrator or victim) via the Bullying Complaint Investigation Notification Form, form 196(positive) or form 197(negative). This form needs to be sent along with the Bullying form to the Chief of Staff's office.

Identifying Bullying - 3 Keys

Remember that your three keys to identify whether an incident is bullying or not are: (1)Intentional** act toward a (2)**Particular** student (3)**More than once**.**

Board Policy "Excerpt" - Policy JFCF

JFCF (Harassment, Intimidation and Dating Violence) Hazing means doing any act or coercing another, including the victim, to do any act of initiation into any student or other organization that causes or creates a substantial risk of causing mental or physical harm to any person. Throughout this policy the term bullying is used in place of harassment, intimidation and bullying. Bullying, harassment and intimidation is an intentional written, verbal, electronic or physical act that a student has exhibited toward another particular student more than once. The intentional act also includes violence within a dating relationship. The behavior causes mental or physical harm to the other student and is sufficiently severe, persistent or pervasive that it creates an intimidating, threatening or abusive educational environment for the other student. This behavior is prohibited on school property, on a school bus or at a school-sponsored activity. Students found responsible for harassment, intimidation or bullying by an electronic act may be suspended.

It is the responsibility of the user to report misuse or violation of the network or Acceptable Use Policy to the school or building administrator. The above rules and regulations of network usage are subject to change at any time. Consequences for violations of the above policy will follow the District discipline policy and could result in the loss of a user's privilege to use the school's information technology resources.

Internet Safety and Training

- Internet Safety Training will be provided to students and staff in accordance with school guidelines.

Use of Web Tools

Online communication is critical to our students' learning experiences. Tools such as discussion forums, wikis, and podcasting offer an authentic, real-world vehicle for student expression. The primary responsibility to students is their safety. Hence, student participation in these types of classroom activities must follow all established safety guidelines:

- When using discussion forums, podcasts or other web tools, users are expected to act safely by keeping ALL personal information (including, but not limited to, last names, personal details including address, phone numbers or photographs) out of their posts and account profiles.
- Any speech that is considered inappropriate in the classroom is also inappropriate in all uses of discussion forums, podcasts, or other Web 2.0 tools. This includes, but is not limited to profanity, racist, sexist or discriminatory remarks.
- Users who do not abide by these terms and conditions of the Acceptable Use Policy may lose their opportunity to take part in the project and/or be subject to consequences in accordance to the school discipline policy.
