

**HEALTH BENEFITS BOARD
SANDUSKY CITY SCHOOLS HEALTH CARE
Benefit Modifications
October 1, 2023**

Health care costs continue to increase nationwide, and as a result the Health Benefit Board must increase payroll contributions effective October 1, 2023, to help offset these increases. Due to increase in costs the Health Benefits Board also voted to discontinue the health assessment. As such, there will no longer be a penalty added to employees who choose to not take the health assessment. The HBB encourages all staff to see their doctor annually and complete testing as their doctor see fit. As a reminder well-visits do not require a copay.

The following chart represents the employee and The Board of Education current contribution amounts and the new contribution amount effective October 1, 2023, for all employees.
