## **Sandusky City Schools Selects Mosser Construction as Construction Manager at Risk**

*Sandusky, Ohio.* On Monday, January 14<sup>th</sup>, 2019, the Sandusky Board of Education approved Mosser Construction as the new Construction Manager at Risk for the Building Better Dreams Project. Mosser Construction will begin working on the Intermediate Building site on Hayes Avenue and the Ontario Building site as soon as possible, weather permitting. Both the Intermediate Building and Ontario Building are slated to open in 2020. The new Hancock Building will open in 2022.

Mosser Construction is a local company, based out of Fremont and Maumee, Ohio, that has been building in northern Ohio communities since 1948. They are an experienced firm with an excellent track record of executing projects within budget on time, especially within PK-12 school projects. This experience will allow more opportunities with smaller subcontractors, the goal being to engage the community as much as possible.

Dr. Eugene Sanders, Chief Executive Officer and Superintendent of Sandusky City Schools stated, “We look forward to Mosser Construction being a part of the Blue Streak Family and we are excited to move forward with the building projects. Partnering with Mosser Construction will allow us to build great schools for our students and the community.”

Executives from Mosser Construction will be available to answer questions at the upcoming Winter Community Forums on January 22<sup>nd</sup> and 23<sup>rd</sup> at 6:00 pm in room 300 at Sandusky High School. Elementary parents will continue to receive their monthly newsletter with updates on the projects. These monthly updates can also be found at [www.scs-k12.net](http://www.scs-k12.net).

If you have any questions, comments, or concerns, please contact Kerstyn Pou, Sandusky City Schools’ Marketing and Communications Specialist at [kpou@scs-k12.net](mailto:kpou@scs-k12.net) or at 419.984.1114.
