PERSONNEL POLICIES GOALS

The personnel employed by the Board are a very important resource for effectively conducting a quality educational program. The District's program functions best when it employs properly certified or licensed personnel, conducts appropriate staff development activities and establishes policies and working conditions that are conducive to high morale and enable each staff member to make the fullest contribution to District programs and services.

The goals of the personnel program include:

1. developing and implementing those strategies and procedures for personnel recruitment, screening and selection which result in employing the best available candidates: those with the highest capabilities, strongest commitment to quality education and greatest probability of effectively implementing the educational program;
2. developing a general assignment strategy which makes the greatest contribution to the educational program, and using it as the primary basis for determining staff assignments;
3. providing positive programs of staff development designed to contribute both to improvement of the educational program and to each staff member's career development aspirations;
4. providing for a genuine team approach to education, including staff involvement in planning, decision making and evaluation;
5. developing and using for personnel evaluation positive processes which contribute to the improvement of staff capabilities and assist in making employment decisions and
6. encouraging all employees to be cognizant of their roles in instilling ethical principles and democratic ideals in all students.

STAFF INVOLVEMENT IN DECISION MAKING

The District involves the efforts of many people and functions best when all personnel are informed of the major activities and concerns.

There should be an exchange of ideas and pertinent information among all elements of a school district. Problems and unfavorable attitudes develop when employees are denied information essential for the performance of their respective assignments or when they feel that their ideas and concerns are not heard. Morale is enhanced when employees are assured that their voices are heard by those in positions of administrative authority.

A pattern of decision making and problem solving close to the task also contributes to efficiency and high morale.

The Board and the District administrators shall arrange to involve the staff as major decisions are made and shall establish channels for hearing the viewpoints of individual employees and employee groups.

While all employees have the opportunity to bring their ideas or grievances to the Board, it is expected that they proceed through the recognized administrative channels. Final authority for all decisions rests with the Board.

BOARD-STAFF COMMUNICATIONS

The Board wishes to maintain open channels of communication with the staff. The basic line of communication is through the Superintendent. Staff members should utilize the Superintendent to communicate to the Board or its subcommittees.

Accordingly, all official communications, policies and directives of staff interest and concern are communicated to staff members through the Superintendent. The Superintendent develops appropriate methods to keep staff members informed of the Board's issues, concerns and actions.

Board members must recognize that their presence in school buildings could be subject to a variety of interpretations by school employees. If a visit to a school or classroom is being made for other than general interest (i.e., for a specific or official purpose), Board members shall inform the Superintendent of such visit and make arrangements for visitations through the principals of the various schools. Board members will indicate to the principal the reason(s) for the visit. Official visits by Board members are carried out only under Board authorization.

STAFF HEALTH AND SAFETY

Through its overall safety program and various policies pertaining to school personnel, the Board attempts to ensure the safety of employees during their working hours and assist them in the maintenance of good health.

All employees are expected to observe commonly recognized practices that promote the health and safety of school personnel.

Prior to employment, all applicants for custodial, food service, maintenance, transportation and supply classified staff positions are required to submit a statement of employability from a District contracted physician relative to the performance of the essential functions and activities involved in the position for which the applicant is being hired. The required physical examination shall include such tests as found desirable for all employees or classifications of employees by the District contracted physician.

Bus drivers will have an annual physical examination in compliance with State law. The results of all such examinations are filed with the Superintendent.

Employees who are required by State or Federal law to have respiratory protection are required to have two physical examinations. The first examination must take place prior to the individual's wearing a respirator. The second examination must take place after the individual's exposure to any hazardous material (within 30 days if it is a one-time exposure, and at least annually if it is ongoing exposure).

The Board may require an individual examination of an employee whenever, in its judgment, it is necessary to protect the health and safety of students or other employees. Whenever the Board requires an employee to submit to a physical examination other than those required by law, the Board assumes the cost of the examination. All health examinations required of employees are made by one of the physicians approved for this purpose by the Board.

Any genetic information acquired as a result of individual examinations will be handled in accordance with Federal law.

Workers' Compensation

In case of injury while pursuing duties in keeping with the employee's contract, the employee may be eligible for payment of medical expenses under the Workers' Compensation Act of Ohio.

Any employee who is injured while at work must immediately report such injury to the central office and request the necessary forms to make application for payment under this act.

The injured employee may be requested to undergo chemical testing, as established by law and administrative regulation. The employee must prove that the injury was not proximately caused by the employee being intoxicated, under the influence of a controlled substance not prescribed by the employee's physician or under the influence of marihuana (marijuana). The results of, or the employee's refusal to submit to, any of the requested chemical tests may affect the employee's eligibility to receive workers' compensation benefits.

STAFF-STUDENT RELATIONS

The relationship between the District's staff and students must be one of cooperation, understanding and mutual respect. Staff members have a responsibility to provide an atmosphere conducive to learning and to motivate each student to perform to his/her capacity.

Staff members should strive to secure individual and group discipline, and should be treated with respect by students at all times. By the same token, staff members should extend to students the same respect and courtesy that they, as staff members, have a right to demand.

Although it is desired that staff members have a sincere interest in students as individuals, partiality and the appearance of impropriety must be avoided. Excessive informal and/or social involvement with students is prohibited. Such conduct is not compatible with professional ethics and, as such, will not be tolerated.

Staff members are expected to use good judgment in their relationships with students both inside and outside of the school context including, but not limited to, the following guidelines.

1. Staff members shall not make derogatory comments to students regarding the school, its staff and/or other students.
2. The exchange of purchased gifts between staff members and students is discouraged.
3. Staff-sponsored parties at which students are in attendance, unless they are a part of the school's extracurricular program and are properly supervised, are prohibited.
4. Staff members shall not fraternize, written or verbally, with students except on matters that pertain to school-related issues.
5. Staff members shall not associate with students at any time in any situation or activity which could be considered sexually suggestive or involve the presence or use of tobacco, alcohol or drugs.
6. Dating between staff members and students is prohibited.
7. Staff members shall not use insults or sarcasm against students as a method of forcing compliance with requirements or expectations.
8. Staff members shall maintain a reasonable standard of care for the supervision, control and protection of students commensurate with their assigned duties and responsibilities.
9. Staff members shall not send students on personal errands.

10. Staff members shall, pursuant to law and Board policy, immediately report any suspected signs of child abuse or neglect.
11. Staff members shall not attempt to diagnose or treat a student's personal problem relating to sexual behavior, substance abuse, mental or physical health and/or family relationships but, instead, should refer the student to the appropriate individual or agency for assistance.
12. Staff members shall not disclose information concerning a student, other than directory information, to any person not authorized to receive such information. This includes, but is not limited to, information concerning assessments, ability scores, grades, behavior, mental or physical health and/or family background.

Social Media

1. District staff are prohibited from posting data, documents, photographs or inappropriate information on any social media platform that might result in a disruption of classroom activity or that violates State or Federal law relating to staff and student privacy. The Superintendent/designee has full discretion in determining when a disruption of classroom activity has occurred.
2. District staff are prohibited from providing personal social media passwords to students.
3. Fraternalization between District staff and students via the internet, personal email accounts, text messaging, personal social media and other modes of virtual technology is also prohibited.
4. Access of personal social media during school hours is prohibited.

Violation of the prohibitions listed above will result in staff and/or student discipline in accordance with State law, Board policies and regulations, the staff and student codes of conduct and handbooks and/or staff negotiated agreements. Nothing in this policy prohibits District staff and students from the use of education websites and/or use of social media created for curricular, cocurricular or extracurricular purposes.

STAFF GIFTS AND SOLICITATIONS

Gifts

The Board authorizes the expenditure of public funds to purchase meals, refreshments and tokens of appreciation for employees and Board members in the completion of their responsibilities. The Board believes that such expenditures are necessary, on occasion, to further a public purpose in the general operation of the District. Such public purpose includes, but may not be limited to, employee development activities, employee recognition activities and certain routine meetings that may be enhanced by such amenities.

Such expenditures shall be consistent with the Board's purchasing policy and within the appropriation limits established by the Board.

Presentation of gifts to, and the arrangement of social affairs for, employees leaving the District are governed by the following.

1. Each building principal appoints, or employees may volunteer for, a small social committee to plan social affairs.
2. Any gifts to be presented to departing employees by their respective groups are at the discretion of the group involved.

Travel Vendor Compensation

Any compensation paid by a vendor to a District official or employee, after the official or employee has participated in selecting the vendor, is considered "public money" and must be returned to the District.

Solicitations

The Superintendent annually approves all solicitations that are to be permitted in the schools. No organization may solicit funds of staff members in the schools, nor may anyone distribute flyers or other materials related to fund drives through the schools, without the prior approval of the Superintendent.

Employees may not engage in the sale of products to the schools, even if the proceeds of such sales are intended for charitable or civic purposes. No staff member is to collect any money or distribute any fundraising literature without the expressed approval of the Superintendent.

Staff members are prohibited from soliciting funds in the name of the school or District through the use of online fundraising or a crowdfunding campaign without approval of the Superintendent. All crowdfunding campaigns must comply with District policies and procedures.

Failure to comply with this policy may result in disciplinary action.

ONLINE FUNDRAISING CAMPAIGNS/CROWDFUNDING

The Board believes that online fundraising campaigns, including crowdfunding campaigns, may support and further the interests of the District.

All crowdfunding campaigns must be reviewed by and receive prior approval from the Superintendent.

In order for a crowdfunding campaign to be approved, the campaign must:

1. be conducted in compliance with all State and Federal laws, as well as relevant District policies and procedures, including those governing the confidentiality of student information. No information that could personally identify a student, including student names or images, may be used without the prior written consent of parents or adult students. The Superintendent must review all images and text used as part of the campaign.
2. be compatible with the District's educational philosophy, needs, technical infrastructure, and core values. The organizer must submit in writing to the Treasurer a statement identifying the purpose(s) for raising the money. All online fundraisers must be conducted in accordance with District policies and procedures.
3. be in the name of the school or District with all donations being sent, paid or contributed directly to the school or District. Staff are prohibited from establishing campaigns that are directly sent, paid or contributed to a staff member in lieu of the District or school.
4. be reviewed to determine whether the crowdfunding site obligates the District to assume any responsibility to file required reports of charitable activities.

The Superintendent maintains a documentation of campaign approval, details of the campaign, a printed copy of the website, copies of all related agreements and permission forms, copies of any checks donated and any inventory listing non-monetary donations.

No donations of money, property, equipment, or materials are accepted without Board approval and all donations accepted are the property of the District. Upon acceptance, donations are promptly entered into the District property inventory or deposited into District bank accounts and are subject to normal fiscal oversight and auditing. Donations are used solely for the purpose(s) stated in the campaign provided the purposes are lawful and do not remove the authority of the Board.

NO TOBACCO USE ON DISTRICT PROPERTY BY STAFF MEMBERS

The Board has a duty to protect and promote the health and well-being of all students and staff. The Board is acutely aware of the serious health risks associated with the use of tobacco products, both to users and nonusers, and that most tobacco use begins by the age of 18. The Board recognizes that staff and school visitors serve as role models to students and, therefore, adopts this 100% tobacco-free District policy to endorse a healthy lifestyle and prevent tobacco use.

For the purpose of this policy, “tobacco product” is defined to include any lighted or unlighted cigarette, cigar, pipe, bidi, clove cigarette, and any other smoking product, and spit tobacco, also known as smokeless, dip, chew and snuff, in any form.

For the purpose of this policy, electronic smoking devices and vapor products also are considered a “tobacco product.”

Tobacco Use Prohibited

No staff member or volunteer is permitted to smoke, inhale, vape, dip or chew tobacco products at any time, including non-school hours:

1. in any building, facility or vehicle owned, leased, rented or chartered by the District or
2. on school grounds, athletic facilities or parking lots.

No staff member or volunteer is permitted to smoke, inhale, vape, dip or chew tobacco products at any time, including non-school hours, at any school-sponsored event off campus.

Tobacco Advertisements and Promotions

Tobacco advertising is prohibited on school grounds, in all school-sponsored publications and at all school-sponsored events. Tobacco promotional items that promote the use of tobacco products, including clothing, bags, lighters and other personal articles, are not permitted on school grounds, in school vehicles or at school-sponsored events.

Providing Notice to Staff

“No Tobacco” signs will be posted throughout the District at entrances and other appropriate locations in all academic buildings, administrative spaces and athletic fields. District staff will be provided notice of this policy through staff handbooks. District vehicles will display the international “No Smoking” insignia.

Enforcement

Disciplinary measures taken against staff for violations of this policy comply with the requirements of State law, related District policies and regulations and/or the staff negotiated agreements.

Educational Reinforcement

Tobacco use prevention education is closely coordinated with the other components of the school health program. Staff responsible for teaching tobacco use prevention education have adequate pre-service training and participate in ongoing professional development activities to effectively deliver the education program.

PERSONNEL RECORDS

The Superintendent develops and implements a comprehensive and efficient system of personnel records. The Chief of Staff is hereby designated as the employee directly responsible for the personnel records system. The following guidelines govern such records.

1. Personnel files contain records and information relative to compensation, payroll deductions, evaluations and such information as may be required by State or Federal law or considered pertinent by the Superintendent. Anonymous material or material from an unidentified source are not placed in a staff member's file.
2. A personnel file for each employee is accurately maintained in the District office in accordance with administrative regulations incorporating the requirements set forth under the Ohio Privacy Act for the protection of employees. Employees will be notified whenever personal information concerning them is placed in their file.
3. State law requires that all public records be promptly prepared and made available for inspection to any member of the general public at all reasonable times during regular business hours. Upon request, the person directly responsible for personnel records is required to make copies available at cost, within a reasonable period of time.
4. The public has access to all records in the personnel file with the following exceptions:
 - A. medical records;
 - B. records pertaining to adoption, probation or parole proceedings;
 - C. trial preparation records;
 - D. confidential law enforcement investigatory records;
 - E. Social Security number and
 - F. records of which the release is prohibited by State or Federal law.

Additional exceptions are listed in Ohio Revised Code Section 149.43.

5. The District is required to keep reports of investigations of employee misconduct in the employee's personnel file, unless the State Superintendent of Public Instruction or his/her designee determines that the report does not warrant taking action against the employee. If the State Superintendent of Public Instruction or his/her designee determines no action is warranted, the investigation report must be moved from the employee's personnel file to a separate public file.

6. Each employee has the right, upon written request, to review the contents of his/her own personnel file. If a document is not disclosed to the employee because it is determined by a physician, psychiatrist or psychologist to be likely to have an adverse effect upon the employee, the document will be released to the designated medical authority. Requests are made to the Superintendent and scheduled for a time convenient for the parties involved.
7. Employees may make written objections to any information contained in the file. Any written objection must be signed by the staff member and becomes part of the employee's personnel file after the appeal procedure outlined in State law. The appeal procedure permits any employee who disputes the accuracy, relevance, timeliness or completeness of information maintained in his/her file to compel the District to investigate the current status of the information.
8. Personnel records should be reviewed only within the confines of the Superintendent's office or the Board's office.

EXTENDED GROUP HEALTH COVERAGE

The Consolidated Omnibus Budget Reconciliation Act (COBRA) provides for certain employees of the District and their dependents to be allowed to purchase extended group health insurance coverage for a limited period of time following their cessation of employment with the District. The Board contracts with a plan administrator who coordinates the program and provides the notices that are necessary.

1. Initial Notices

- A. The plan administrator must give a written notice describing the extended coverage rights to all employees and spouses covered by the group health insurance plan.
- B. The plan administrator must give a written notice describing extended coverage rights to each newly covered employee and spouse at the time their group health plan coverage begins. If a covered employee marries following the effective date of this policy, it is the employee's responsibility to inform the Board. The Board informs the plan administrator, who is then responsible for providing the new spouse with the proper notice.

2. Notices Related to Event Triggering Continuation Coverage and Election by Beneficiaries

- A. The Board is responsible for notifying the plan administrator, within 30 days, of the death, separation of employment or reduction of hours (leading to less coverage) of an employee and of an employee's entitlement to Medicare benefits.
- B. The employee or beneficiary is responsible for notifying the plan administrator of the divorce or legal separation of the employee and spouse and of the termination of eligibility of a dependent child.
- C. The plan administrator must notify the affected employee and dependents of their extended coverage rights within 14 days after the plan administrator is notified of the event that could lead to loss of coverage.
- D. The employee or dependent is given a period of 60 days after this notice is given in order to elect the extended coverage and to present payment of any applicable premium costs back to the cessation of coverage.

3. Employees' and Dependents' Rights Upon Loss of Coverage

- A. The extended coverage offered to eligible employees and their dependents is the same coverage as that provided under the current group plan to "similarly situated" individuals who remain eligible for regular (i.e., nonextended) coverage.
- B. If an employee incurs a termination of employment, whether voluntary or involuntary (other than for "gross misconduct"), or a reduction of hours that results in loss of coverage, he/she will be offered the extended coverage (including extended coverage for dependents who would otherwise lose existing coverage) for up to 18 months.
- C. If an employee's spouse or children who are covered as dependents under the group health plan would lose coverage because of the death of the employee, divorce, legal separation or the employee's becoming eligible for Medicare, the spouse and children will be offered the extended coverage for up to 36 months.
- D. If an employee's dependent child who is covered by the group health plan ceases to be a dependent child under the terms of the plan and thereby loses coverage, the child must be offered extended coverage for up to 36 months.

4. Early Retirement of Coverage

Extended coverage elected by an eligible employee or dependent is terminated before the expiration of the relevant 18- or 36-month period if the covered individual:

- A. becomes covered by another employer-sponsored group health plan as a result of employment, re-employment or remarriage;
- B. becomes covered by Medicare or
- C. fails to pay for the coverage.

5. Cost of Coverage to the Employee and/or Dependents

- A. Eligible individuals who elect extended coverage can be charged 102% of the cost of the extended coverage. The cost of the extended coverage is the cost for the same period of coverage for similarly situated employees or dependents who remain eligible for regular coverage.
- B. The health care coverage to which this policy applies includes major medical, hospitalization, surgical and dental insurance but does not include life insurance.

DRUG-FREE WORKPLACE

The Board endeavors to provide a safe workplace for all employees realizing that the use/abuse of drugs and alcohol can endanger the health, safety and well-being of the nonuser, as well as the user.

Because of the Board's commitment to provide a safe workplace, no employee shall unlawfully manufacture, distribute, dispense, possess or use any narcotic drug, hallucinogenic drug, amphetamine, barbiturate, marijuana, alcohol or any other controlled substance, as defined in State and/or Federal law, in the workplace. The Board also prohibits the use and possession of legally acquired medical marijuana in the workplace.

"Workplace" is the site for the performance of any work done in connection with the District. The workplace includes any District building, property, vehicles or Board-approved vehicle used to transport students to and from school or school activities (at other sites off District property) or any school-sponsored or District activity, event or function, such as a field trip or athletic event in which students are under the jurisdiction of District authorities.

As a condition of employment, each employee shall notify his/her supervisor, in writing, of his/her conviction of any criminal drug statute for a violation occurring in the workplace as defined above, not later than five days after such conviction.

Employees are given a copy of the standards of conduct and the statement of disciplinary sanctions and are notified that compliance with the standards of conduct is mandatory. When the District has reasonable suspicion an employee is under the influence of any narcotic drug, hallucinogenic drug, amphetamine, barbiturate, marijuana, alcohol or any other controlled substance, as defined in State and/or Federal law, the employee may be subject to testing in accordance with prescribed administrative regulations, local, State and Federal law and/or the negotiated agreement and may be considered in violation of this policy. Employees who violate the policy shall be subject to disciplinary proceedings in accordance with prescribed administrative regulations, local, State and Federal law and/or the negotiated agreement, up to and including termination. Any employee in violation of this policy may be required to participate in a drug-abuse assistance or rehabilitation program approved by the Board.

All employees are provided the opportunity to participate in a drug-free awareness program to inform them of requirements, services and penalties.

A list of local drug and alcohol counseling, rehabilitation and re-entry programs and services offered in the community is made available to employees.

The following regulations apply:

1. No employee of the District while on school premises or as part of any of his/her workplace activities shall unlawfully possess, use or distribute illicit drugs, controlled substances or alcohol.
2. This policy regulation does not replace the requirements to report child endangering (ORC 2151.421) and any employee who admits to, pleads guilty to or is convicted of child endangering acts or sale or dispensing drugs or alcohol to minors shall be exempt from this article and shall waive rights under all applicable articles of the negotiated agreement, enabling personnel action to be taken within the limits of the law.
3. “Workplace” is defined to mean the site for the performance of work done in connection with employment. The workplace includes any school building, school property, school-owned vehicles or school-approved vehicle used to transport students to and from school or school activities; off school property during any school-sponsored or school-related activity, event or function, such as a field trip or athletic event where students are under the jurisdiction of the District.
4. Any employee who admits to, pleads guilty or is convicted in any court of law for a first alcohol or drug abuse offense which is a misdemeanor and which involves use in the workplace shall be referred to and satisfactorily complete a drug/alcohol rehabilitation and intervention program. Rehabilitation and intervention shall be at the employee’s expense, except as may be covered by applicable group health plan terms, sick leave policies and other leaves of absence policies. The employee shall not return to his/her employment assignment and shall waive all rights under all applicable articles of the negotiated agreement, should the employee fail to comply with the provisions of this section.

5. Any employee who admits to, pleads guilty or is convicted in any court of law for a second alcohol or drug abuse offense which is a misdemeanor and which involves use in the workplace shall be suspended for one to five days unpaid and shall be referred to and satisfactorily complete a drug/alcohol rehabilitation and intervention program. Rehabilitation and intervention shall be at the employee's expense, except as may be covered by applicable group health plan terms, sick leave policies and other leaves of absence policies. The employee shall not return to his/her employment assignment and shall waive all rights under all applicable articles of the negotiated agreement, should the employee fail to comply with the provisions of this section.
6. Any employee who admits to, pleads guilty or is convicted in any court of law for a third alcohol or drug abuse offense which is a misdemeanor and which involves use in the workplace shall waive all rights under all applicable articles of the negotiated agreement and the Board will act upon the Superintendent's personnel action recommendation which will comply with all laws governing such personnel action by the Board.
7. Any employee who pleads guilty or is convicted in any court of law for an alcohol or drug abuse offense which is a felony or a misdemeanor resulting in withdrawal of proper certification shall waive all rights under all applicable articles of the negotiated agreement and the Board shall take such personnel action it deems necessary within the limits of the law.
8. Employees convicted of violating any Federal, State or local criminal drug/alcohol statute, where the violation occurred within the "workplace" definition of Section 3, must report the conviction to the Superintendent within five working days of the conviction.
9. Alcohol and Other Drug Awareness Program

Employees will be provided with information concerning alcohol and other drug abuse programs, as follows:

- A. All employees will be provided with a copy of this policy.
- B. The Superintendent or his/her designee will maintain information on community resources and employee benefits available to employees for assistance in dealing with chemical dependency problems.

- C. Every year there will be available, for each employee, at least one educational/learning opportunity addressing the physical, mental and emotional dangers of alcohol and other drug abuse, as well as rehabilitation assistance resources available to employees. (Such educational opportunities may include: in-service programs, print materials, discussions or presentations at employee meetings or other seminars.)
- D. The District's publications, especially those distributed among employees, will from time to time contain articles on the dangers of substance abuse and rehabilitation.

10. Confidentiality

Information provided to administrative personnel as to any problem related to alcohol and other drug abuse or chemical dependency shall be considered part of the employee's medical record and shall be confidential. Except as may be required by law, no person may discuss or otherwise divulge any information concerning such matters.

DRUG-FREE WORKPLACE
Employee Drug Testing

Testing Procedures:

Collection of all tests shall be accomplished at a site determined by the Superintendent or designee. All collection and chain-of-custody procedures will follow guidelines certified by the DHHS (U.S. Department of Health Services) and required by the DOT (U.S. Department of Transportation).

Type of Tests:

The form of testing will be urinalysis (EMIT screen, also referred to as drug screen, plus GC/MS confirmation.) All results will be reviewed by a Medical Review Officer.

Drugs Tested / Cut-Off Levels:

The cut-off levels on the EMIT screen and GC/MS confirmation will be those established by the DFWP of the Ohio Bureau of Worker's Compensation (BWC) which match the levels required by DOT. A cut-off level is defined as the pre-determined level of drug/metabolite that constitutes whether a tested urine specimen is negative or positive. Cut-off levels are used to establish that a prospective employee has one or more of the drugs in his/her system and therefore, should be considered as having had a positive test. The purpose of identifying cut-off levels (as opposed to saying that any amount of drug / metabolite in the system constitutes a positive test) is to safeguard against a false positive test. In other words, someone who passively inhales marijuana smoke or eats a poppy seed roll (remembering that heroin is a derivative of the poppy plant) will not test positive if appropriate cut-off levels are used. Cut-off levels are measured in nanograms (one billionth of a gram) per milliliter of urine.

An initial test is first used to verify the presence of the drug in the individual's system. The confirmatory test, which is 100,000 times more powerful, measures the genetic "fingerprint" of the specific drug and is 100% accurate. Based on the chart that follows, a Gas Chromatography/Mass Spectrometry (GC/MS) confirmatory test indicating 600Ng/ml of amphetamines in a urine specimen would constitute a positive test. Cut-off levels offer protection to both prospective employees and the Board. Tests will be conducted for the following drugs:

Recommended Cut-Off Levels

(Ng/ml)	<u>Drug</u>	<u>EMIT Screen (Ng/ml)</u>	<u>GC/MS Confirmation</u>
	Amphetamines	1,000	500
	Barbiturates	300	200
	Cannabinoids	50	15
	Cocaine (including crack)	300	150
	Opiates	2,000	2,000
	Phencyclidine (PCP)	25	25
	Benzodiazepines (Valium, Librium, etc.)	300	300
	Methadone	300	300
	Propoxyphene (Darvon)	300	300

Pre-employment Testing:

All applicants must pass a urine drug test prior to employment. Transportation to the testing site will be the responsibility of the job applicant. The Board of Education will decline to offer employment to any applicant with a verified positive drug test. Such applicant may not reapply for a period of six (6) months.

Prospective Employee’s Rights Related to an Initial Positive Test Result:

In the event that a prospective employee tests positive for any drugs as prohibited in this policy, the prospective employee will be given an opportunity to explain the findings to the Medical Review Officer (MRO) prior to the issuance of a report of a positive test result to the Board of Education.

Accordingly, upon receipt of a confirmed positive finding, the MRO shall contact, or attempt to contact the prospective employee by telephone or in person. If contact is made by the MRO, the MRO shall inform the prospective employee of the positive findings and give the prospective employee an opportunity to rebut or explain the findings.

The MRO can request information on recent medical history and on medication taken within the last thirty (30) days by the prospective employee. In the event that the MRO finds support in the explanation offered by the prospective employee, he/she may be asked to provide documentary evidence to support his/her position (for example, the names of treating physicians, pharmacies where prescriptions have been filled, etc.) A failure on the part of the prospective employee to provide such documentary evidence will result in the issuance of a positive report by the MRO with no attendant medical explanation. A medical disqualification of the prospective employee will result.

If the prospective employee fails to contact the MRO within five (5) days of having been instructed to do so, the MRO will issue a positive report to the Superintendent. Since no contact with the prospective employee was possible, no medical explanation can be provided, and the prospective employee shall forego the right to offer a defense to the positive test findings. A medical disqualification shall result, subject to re-test provisions set forth in the MRO's report.

Split Specimen:

A prospective employee wishing to request a re-test must do so within three (3) days of learning that the first test was positive. Prospective employees will be required to pay for the cost of the re-test before the specimen is shipped to a different DHHS-Certified Laboratory than the one that analyzed the first specimen. The Medical Review Officer shall determine to which Lab the split specimen will be sent. If the result comes back negative, the Board will reimburse the prospective employee for the cost of the test that he/she paid prior to the test. The same paperwork and procedure protections used for the first test will be utilized for the split specimen. The Laboratory that collects the initial screen is responsible to split the specimen.

Reporting of Results:

All test results will be reported to the MRO prior to the results being issued to the Superintendent. The MRO will receive from the DHHS-testing laboratory a detailed report of the findings of the specimen. Each drug tested for will be listed along with the results of the testing. The Superintendent will receive a summary report, and this report will indicate that the prospective employee passed or failed the drug test.

All of the above procedures are intended to be consistent with the most current guidelines for the Medical Review Officer (MRO) that are published by the Federal Department of Health and Human Services.

Confidentiality:

All actions taken under this policy and program will be confidential and disclosed only to those with a "need to know".

The program will be in compliance with all federal, state and local laws or regulations.

Law enforcement authorities may be contacted and requested to come onto the Board's premises, when appropriate, in conjunction with a referral for criminal prosecution.

When a test is required, the specimen will be identified by a code number, not by name to insure confidentiality of the donor. Each specimen container will be properly labeled and made tamper proof. The donor must witness this procedure.

Unless an initial positive result is confirmed as positive, it shall be deemed negative and reported by the laboratory as such.

The handling and transportation of each specimen will be properly documented through strict chain of custody procedures.

The Board of Education will bear the cost of testing procedures.

Drug Testing for Administrative Reassignments:

In addition to drug testing for prospective employees, it shall be a requirement for an administrator seeking to voluntarily change administrative assignments, or a teacher applying for an administrative position, to undergo drug testing pursuant to this policy, and to pass the test prior to receiving the new assignment. This requirement shall not apply to an involuntary change of administrative assignment.

(Approval date: June 6, 2005)

CRIMINAL RECORDS CHECK

The Board shall request from the Superintendent of the Bureau of Criminal Investigation (BCI) criminal records checks of all candidates under final consideration for employment or appointment in the District. The BCI criminal records checks include information from the Federal Bureau of Investigation (FBI), unless the individual can demonstrate that he/she has been a resident of the state for the preceding five years and has previously been subject to a BCI check, in which case only a FBI check is required.

At the time of candidates' initial application for employment, applicants are given a separate written statement informing them that each must provide a set of fingerprint impressions as part of the criminal records check process and that the Board uses a criminal records check as part of the initial hiring process and at various times during the employment career. The Board may employ persons on the condition that the candidate submit to and pass a BCI criminal records check in accordance with State law. Any person conditionally hired who fails to pass a BCI criminal records check is released from employment.

An applicant for employment may provide a certified copy of a BCI criminal records check to the District in compliance with State law. The District may accept this criminal records check in place of its own records check if the date of acceptance by the District is within one year after the date of issuance by the BCI.

State law requires subsequent criminal records checks every five years for all school employees except bus drivers. For currently employed bus drivers, a new report is required every six years.

Any and all information obtained by the Board or persons under this policy is confidential and shall not be released or disseminated. Criminal records checks are not public records for purposes of the Public Records Law. Any applicant not hired because of information received from the records check shall be assured that all records pertaining to such information are destroyed.

Volunteers

The District notifies current and prospective volunteers who have or will have unsupervised access to students on a regular basis that a criminal records check may be conducted at any time.

Contractors

Criminal records checks are required for contractors who meet the following four criteria: (1) the contractor is an employee of a private company under contract with the District to provide "essential school services"; (2) the contractor works in a position involving routine interaction with a child or regular responsibility for the care, custody or control of a child; (3) the contractor is not licensed by the Ohio Department of Education and (4) the contractor is not a bus driver.

FAMILY AND MEDICAL LEAVE

The Board provides leave to eligible employees consistent with the Family Medical Leave Act (FMLA). Eligible employees are entitled to up to 12 workweeks (or 26 workweeks to care for a covered servicemember) of unpaid family and medical leave in a 12-month period. The Board continues to pay the District's share of the employee's health benefits during the leave. In addition, the District reinstates the employee to the same or an equivalent position after the employee's return from leave.

In complying with the FMLA, the District adheres to the requirements of applicable State and Federal law.

Additional information is contained in the regulations, which follow this policy.

FAMILY AND MEDICAL LEAVE

Eligibility

An employee who has worked for the District for at least 12 months and who has worked at least 1,250 hours in the 12 months preceding the beginning of the leave is eligible for leave under the Family and Medical Leave Act (FMLA). The 12 months an employee must have been employed by the District do not need to be consecutive months. The 1,250 hours of service do not include vacation leave, sick leave, holidays or other paid leaves of absences. However, an employee returning from fulfilling his/her Uniformed Services Employment and Reemployment Rights Act (USERRA) covered service obligation shall be credited with the hours of service that would have been performed but for the period of military service in determining whether the employee worked the 1,250 hours of service.

Leave Entitlement

An eligible employee is allowed to take up to 12 workweeks of leave during a 12-month period. The District has chosen the following method to determine the 12-month period in which the 12 work weeks of leave entitlement occurs: the 12-month period measured forward from the date any employee's first FMLA leave begins.

An employee may be eligible for 26 workweeks of FMLA leave during a single 12-month period to care for a covered service member with a serious injury or illness. The District will determine the "single 12-month period" using the 12-month period measured forward from the date an employee's first FMLA leave to care for the covered service member begins.

Types of Leave

An eligible employee may take FMLA leave for the following purposes:

1. birth and care of a newborn child;
2. placement with an employee of a son or daughter for adoption or foster care;
3. care for a spouse, child or parent with a serious health condition. An employee may not take FMLA leave to care for a parent-in-law;
4. recovery from a serious health condition that keeps the employee from performing the essential functions of his/her job;
5. to respond to a "qualifying exigency" that arises because a spouse, child or parent is a military member on covered active duty or;

6. to care for a covered service member with a serious injury or illness if the employee is the spouse, son, daughter, parent or next of kin of the covered service member.

The District will designate leave as FMLA qualifying leave whenever it becomes aware of an FMLA qualifying event.

The District requires eligible employees to use any accrued and unused paid sick leave concurrently with unpaid FMLA leave. An eligible employee may elect to use any accrued and unused paid vacation or personal leave concurrently with unpaid FMLA leave, subject to the District's policies governing such leave.

An employer cannot compel an employee to use, nor may an employee elect to use, accrued medical/sick leave in any situation for which the leave could not normally be used.

Spouses Employed by the District

If a husband and wife eligible for leave are both employed by the District, the husband or wife is entitled to the full amount of FMLA leave even if their spouse has already exhausted leave for a qualifying event.

Intermittent and Reduced Leave

FMLA leave may be taken intermittently or on a reduced leave schedule under certain circumstances. Intermittent leave is leave taken in separate blocks of time due to a single qualifying reason.

Reduced leave is a leave schedule that reduces the employee's usual number of hours per Work week or hours per workday.

Intermittent or reduced leave is available for the employee's own serious health condition; to care for a son or daughter with a serious health condition; to care for a covered service member's serious injury or illness or for leave taken due to a qualifying exigency.

Such leave may be used for the birth or adoption/placement of a child only if the Board agrees.

If an employee needs leave intermittently or on a reduced leave schedule for planned medical treatment, the employee must make a reasonable effort to schedule the treatment so as not to unduly disrupt the employer's operations.

If the employee needs intermittent leave or leave on a reduced schedule that is foreseeable, the Superintendent may require the employee to temporarily transfer during the period that the intermittent or reduced leave schedule is required to an available position for which the employee is qualified and which better accommodates recurring periods of leave than does the employee's regular position.

If an eligible instructional employee (i.e., those whose principal function is to teach and instruct students in a class, a small group or an individual setting) needs intermittent leave or leave on a reduced leave schedule due to foreseeable medical treatments, and the employee would be on leave for more than 20% of the total number of working days over the period the leave would extend, the District may require the employee either to:

1. take leave for a period or periods of a particular duration, not greater than the duration of the planned treatment or;
2. transfer temporarily to an available alternative position for which the employee is qualified, which has equivalent pay and benefits and which better accommodates recurring periods of leave than does the employee's regular position.

Benefits

The Board maintains the employee's health coverage under the group health insurance plan during the period of FMLA leave on the same conditions as coverage would have been provided if the employee had been continuously employed during the entire leave period. Prior to the beginning of the FMLA leave, the employee should make arrangements with the Treasurer to pay the employee's share of health insurance.

An employee is not entitled to accrue any additional benefits or seniority during unpaid FMLA leave. Benefits accrued at the time leave began (e.g., paid vacation, sick or personal leave to the extent not substituted for unpaid FMLA leave), however, must be available to an employee upon return from leave.

The Board is entitled to recover health care premiums paid during the leave if the employee fails to return from leave. Recovery cannot occur if the employee fails to return because of the continuation, recurrence or onset of a serious health condition or due to circumstances beyond the control of the employee.

Notice

When the FMLA leave is foreseeable, the employee must notify the Superintendent at least 30 days prior to the date when the leave is to begin. If the leave is not foreseeable, the employee must give notice as early as is practical. An employee shall provide at least verbal notice sufficient to make the District aware that the employee needs FMLA-qualifying leave, and the anticipated timing and duration of the leave.

The Board may deny the leave if the employee does not meet the notice requirements.

Certification

The Board may require the employee to provide a complete and sufficient certification from a health care provider containing specific information if he/she requests a medical leave. If there is a question concerning the validity of such certification, a second and, if necessary, a third opinion can be required, both at the expense of the District.

Upon the employee's return to work from FMLA leave occasioned by the employee's own serious health condition, the Board requires that the employee present a fitness statement from the employee's health care provider certifying that the employee is able to return to work.

Reinstatement

When the employee returns from the leave, the Board reinstates the employee to the same or an equivalent position with equivalent benefits, pay, terms and conditions of employment. An employee has no greater right to reinstatement or to other benefits and conditions of employment than if the employee had been continuously employed during the FMLA leave period.

Instructional Employees

Special leave rules apply to instructional employees. Instructional employees are those employees whose principal function is to teach and instruct students in a small group, or in an individual setting. This term includes teachers, athletic coaches, driving instructors and special education assistants such as signers for the hearing impaired. It does not include teacher assistants or aides who do not have as their principal job actual teaching or instructing, nor does it include auxiliary personnel such as counselors, psychologists or curriculum specialists. It also does not include cafeteria workers, maintenance workers or bus drivers.

The following limitations also apply to instructional employees who take leave near the end of a semester for purposes other than the employee's own serious health condition.

1. When an instructional employee begins leave more than five weeks before the end of a semester, the Board may require the employee to continue taking leave until the end of the semester if the leave will last at least three weeks and the employee would return to work during the three-week period before the end of the semester.
2. When an instructional employee begins leave less than five weeks before the end of a semester, the Board may require the employee to continue taking leave until the end of the semester if the leave will last more than two weeks and the employee would return to work during the two-week period before the end of the semester.
3. When an instructional employee begins leave less than three weeks before the end of a semester and the leave lasts more than five working days, the Board may require the employee to continue taking leave until the end of the semester.

In all cases, only the period of leave until the employee is ready and able to return to work shall be charged against the employee's FMLA leave entitlement. Any additional leave required by the Board is not counted as FMLA leave. However, the Board is required to maintain the employee's group health insurance and restore the employee to the same or equivalent job upon the conclusion of the leave.

HEALTH INSURANCE PORTABILITY AND ACCOUNTABILITY (HIPAA)

The Health Insurance Portability and Accountability Act of 1996 (HIPAA) grants individuals the right to receive notice of the uses and disclosures of their protected health information that may be made by the District, and sets forth the individual's rights and the District's legal obligations with respect to protected health information. The purpose of this policy is to assist the District in complying with the HIPAA privacy standards, to ensure that individuals receive adequate notice of the District's practices with regard to the dissemination and use of protected health information, and to protect the confidentiality and integrity of protected health information.

Confidentiality of Individually Identifiable Health Information

All officers, employees and agents of the District must preserve the confidentiality and integrity of individually identifiable health information pertaining to any individual. Individually identifiable health information is protected health information and shall be safeguarded to the extent possible in compliance with the requirements of the security and privacy rules and standards established by HIPAA.

The District and its employees will not use or disclose an individual's protected health information for any purpose without the properly documented consent or authorization of the individual or his/her authorized representative unless required or authorized to do so under State or Federal law or this policy, unless an emergency exists or unless the information has been sufficiently de-identified that the recipient of the information would be unable to link the information to a specific individual.

Prior to releasing any protected health information for the purposes set forth above, the District representative disclosing the information shall verify the identity and authority of the individual to whom disclosure is made. This verification may include the examination of official documents, badges, driver's licenses, workplace identity cards, credentials or other relevant forms of identification or verification.

All employees of the District are expected to comply with and cooperate fully with the administration of this policy. The District will not tolerate any violation of the HIPAA privacy or security standards or this policy. Any such violation constitutes grounds for disciplinary action, up to and including termination of employment.

Any employee of the District who believes that there has been a breach of these privacy and security policies and procedures or a breach of the integrity or confidentiality of any person's protected health information shall immediately report such breach to his/her immediate supervisor or the Board-appointed privacy/security officer. The privacy/security officer shall conduct a thorough and confidential investigation of any reported breach and notify the complainant of the results of the investigation and any corrective action taken.

The District will not retaliate or permit reprisals against any employee who reports a breach to the integrity or confidentiality of protected health information. Any employee involved in retaliatory behavior or reprisals against another individual for reporting an infraction of this policy is subject to disciplinary action up to and including termination of employment.

Following the discovery of a breach of unsecured health information, the privacy/security officer will notify each individual whose unsecured protected health information has been, or is reasonably believed to have been accessed, acquired, used or disclosed as a result of a breach. Any individual responsible for the unauthorized use or disclosure is referred to the Superintendent or his/her designee for appropriate disciplinary measures.

Privacy/Security Officer

The Treasurer shall be the privacy/security officer for the District. The privacy/security officer is responsible for overseeing all ongoing activities related to the development, implementation, maintenance and adherence to the District's policies and procedures concerning the security and privacy of protected health information.

Notice

The District shall distribute a Notice of Privacy Practices to individuals at the time of their enrollment in the health plan and within 60 days of any material revision. The notice shall also be posted in a clear and prominent location in each facility in the District and be printed in staff handbooks and the health plan booklet. The District will also notify individuals covered by the health plan of the availability of and how to obtain the notice at least once every three years.

Training

All employees shall receive training regarding the District's privacy policies and procedures as necessary and appropriate to carry out their job duties. Training shall also be provided when there is a material change in the District's privacy practices or procedures.

Documentation

Documentation shall be required in support of the policies and procedures of the District and all other parts of the HIPAA privacy regulations that directly require documentation, including, but not limited to, all authorizations and revocations of authorizations, complaints and disposition of complaints. All documentation is kept in written or electronic form for a period of six years from the date of creation or from the date when it was last in effect, whichever is later.

CERTIFICATED STAFF POSITIONS

All certificated staff positions are created only with the approval of the Board. It is the Board's intent to maintain a sufficient number of positions to accomplish its goals and objectives.

Before any new position is established, the Superintendent presents for the Board's approval a job description for the position.

Although a position may remain temporarily unfilled or the number of persons holding the same type of position may be reduced in the event of staff reductions, only the Board may abolish a position which it has created.

The Superintendent/designee keeps all job descriptions current and presents recommended changes to the Board for approval.

CERTIFICATED STAFF CONTRACTS AND COMPENSATION PLANS
(Teachers)

The Board believes that a fair teacher compensation plan, which includes an adequate base salary, increments and employee benefits, is necessary to attract and retain properly certified or licensed men and women to provide a quality educational program.

As required by law, notice of annual salary is given to each certificated/licensed employee by July 1.

Teacher Contracts

Written contracts of employment are issued to all certified/licensed teaching personnel. Contracts are by and between the staff member and the Board.

The basic types of contracts are as follows:

1. Limited Contract

A limited contract is one to five years in length. It may be entered into by a teacher who has not been an employee of the Board for at least three years and must be entered into, regardless of length of previous employment, by a teacher who holds a provisional or alternative license or who holds a professional license and is not eligible to be considered for a continuing contract.

Any teacher employed under a limited contract and not eligible to be considered for a continuing contract is, at the expiration of the contract, considered reemployed at the same salary plus any increment provided by the salary schedule, unless acted upon by the Board.

The Board may, acting on the Superintendent's written recommendation that the teacher not be re-employed, not renew a limited contract so long as evaluation procedures have been completed in compliance with law. The Board must give the teacher written notice of its intent not to reemploy on or before May 10.

2. Extended Limited Contract

An extended limited contract of one or two years in length is given to a teacher who is eligible for consideration for, but not awarded, a continuing contract.

3. Continuing Contract

Teachers who have taught in the District for at least three years within the last five years and teachers who have attained continuing contract status elsewhere and have served two years in the District are eligible for continuing contracts.

A continuing contract may be issued to eligible teachers who:

- A. Hold a professional, permanent or life teaching certificate or
- B. Any teacher who was initially issued a teacher's certificate or educator's license prior to January 1, 2011 who meets the following conditions:
 - 1) Holds a professional educator license or a senior professional educator license or lead professional educator license;
 - 2) Has completed the applicable one of the following:
 - a. If the teacher did not hold a master's degree at the time of initially receiving the license, 30 semester hours of course work are required in the area of licensure or in an area related to teaching since the initial issuance of the license.
 - b. If the teacher held a master's degree at the time of initially receiving his/her license, six semester hours of graduate course work are required in the area of licensure or in an area related to teaching since the initial issuance of the license.
- C. Any teacher who never held a teacher's certificate and was initially issued an educator license on or after January 1, 2011 who meets the following conditions:
 - 1) Holds a professional educator license or a senior professional educator license or lead professional educator license;
 - 2) Has held an educator license for at least seven years;
 - 3) Has completed the applicable one of the following:
 - a. If the teacher did not hold a master's degree at the time of initially receiving an educator license, 30 semester hours of course work in the area of licensure or an area related to the teaching field since the issuance of the license.

- b. If the teacher held a master's degree at the time of initially receiving his/her license, six semester hours of graduate course work are required in the area of licensure or in an area related to teaching since the initial issuance of the license.

Upon the recommendation of the Superintendent that a teacher eligible for continuing contract service status be re-employed, a continuing contract is granted unless the Board rejects the recommendation by three-fourths vote. A continuing contract remains in effect until the teacher resigns, elects to retire, is retired for reasons consistent with law or until he/she is terminated or suspended.

If the Board rejects the recommendation for re-employment of the teacher, the Superintendent may recommend re-employment of the teacher under an extended limited contract for a term not to exceed two years, if continuing service status has not previously been attained elsewhere. Written notice of the Superintendent's intention to make such a recommendation must be given to the teacher with reasons directed at the professional improvement of the teacher on or before June 1. Upon subsequent re-employment of the teacher, only a continuing contract may be entered into.

The Board may reject the Superintendent's recommendation for re-employment of the teacher under an extended limited contract by three-fourths vote of its full membership.

The Board declares its intention not to re-employ the teacher by giving the teacher written notice on or before June 1. If evaluation procedures have not been completed in compliance with law or if the Board fails to give the teacher written notice of its intent not to re-employ by the aforementioned date, the teacher is re-employed under an extended limited contract for a term not to exceed one year at the same salary plus any increment provided by the salary schedule.

The Superintendent's recommendation is considered in all contracts pertaining to certificated/licensed individuals.

CERTIFICATED STAFF CONTRACTS AND COMPENSATION PLANS
(Administrators)

Fair compensation plans are necessary in order to attract and retain properly certified or licensed administrators to provide and manage a quality educational program.

The Board may establish a salary schedule for its administrators, with the exception that the salary of the Superintendent is usually determined by the employee contract. Notice of annual salary is given to each administrator by July 1.

All administrators shall be issued written limited contracts. The contract specifies the administrative position and duties, the salary and other compensation to be paid for performance of such duties, the number of days to be worked, the number of days of vacation leave and any paid holidays in the contractual year.

The term of the administrator's contract will not exceed three years, except that an individual who has been employed as an administrator for three years or more shall be entitled to receive a contract of not fewer than two nor more than five years. The Superintendent may recommend employment of an individual who has served as an administrator in the District for three years or more under a one-year administrative contract once during such individual's administrative career in the District.

An administrator who has earned teacher tenure in the District retains such status while serving as administrator. Any administrator who previously obtained teacher tenure in another district achieves teacher tenure in the District after re-employment with two or more years' experience as an administrator in the District.

The Superintendent's recommendation is considered in all contract renewals. All administrators are evaluated annually. In the year an administrator's contract does not expire, the evaluation is completed and a written copy is given to the administrator no later than the end of the administrator's contract year as defined by his/her salary notice.

In the year an administrator's contract does expire, two evaluations are completed: one preliminary and one final. The preliminary evaluation is conducted at least 60 days prior to any Board action on the employee's contract, and a written copy of the preliminary evaluation is given to the administrator at this time.

The final evaluation includes the Superintendent's intended recommendation for the employee's contract. A written copy of the final evaluation must be provided to the employee at least five days prior to the Board's action to renew or nonrenew the employee's contract. If the Board fails to take action on the expiring contract, then the administrator is renewed. If the administrator has been in the District for two years or less, he/she will receive a one-year contract. If the administrator has been in the District three years or more, he/she will receive a two-year contract.

Before June 1, any administrator whose contract expires at the end of the school year is notified by the Board of the date on which the contract expires and of the individual's right to request a meeting with the Board in executive session to discuss the reasons for considering renewal or nonrenewal of his/her contract. Also prior to June 1 of the year in which the employment contract expires, any administrator whom the Board intends to nonrenew receives written notification of the Board's intent not to re-employ.

The Board may request an alternative administrative license valid for employing a superintendent or any other administrator, consistent with State law.

The Board may request that the Ohio Department of Education (ODE) issue an alternative administrative license valid for employing a principal, superintendent or other administrative specialist as specified by the Board.

ODE may issue a one-year alternative principal license, valid for serving as principal or assistant principal, or a two-year alternative superintendent or administrative specialist license at the request of the District. The individual must:

1. be of good moral character;
2. submit to a BCI/FBI background check;
3. have a bachelor's degree (for principals and administrative specialists) with a grade-point average of at least 3.0 or a master's degree (for superintendents) with a graduate grade-point average of at least 3.0 and
4. have two or more years of teaching experience or five years of documented successful work experience in education, management or administration (for principals) or five or more years of documented successful experience in teaching, education, management or administration (for administrative specialists and superintendents).

The District provides a mentoring program for alternatively licensed administrators compliant with State law.

ODE may issue a professional administrative license to an individual with an alternative principal license or alternative superintendent or alternative administrative specialist license in accordance with State law.

For non-educators issued an alternative principal license, the District develops and implements a planned program for obtaining classroom-teaching experience. For non-educators issued an alternative administrative specialist or superintendent license, the District develops and implements a plan that outlines observation or classroom instruction across grade levels and subject areas.

CERTIFICATED STAFF SUPPLEMENTAL CONTRACTS

Certain positions assigned to professional staff members may require extra responsibility or extra time beyond that required of all professional staff members. When the Board and administration determine the need, qualified staff selected for such positions are provided supplemental contracts and additional compensation.

The Board approves the positions and the compensation for these assignments. Supplemental contracts for such assignments are awarded by the Board upon the recommendation of the Superintendent.

Supplemental contracts are limited contracts. Supplemental contracts expire automatically at the end of each year, with or without Board action.

The Board directs the Superintendent/designee to identify those supplemental contract positions that supervise, direct or coach student activity programs which involve athletic, routine/regular physical activity or have health and safety considerations. Individuals accepting these contract positions must complete the requirements established by the Ohio Department of Education, State law and the Ohio Administrative Code.

2. The Health Benefits Board will determine additional courses of action that will be necessary to provide health benefits including competitive bidding for health insurance services and address the increased cost of employee usage of health benefits.
3. The Health Benefits Board will be responsible for maintaining a positive health insurance account balance under the agreed upon balance funding levels for each year.
4. The Health Benefits Board shall hold at least one annual open meeting for all the employees of the District to attend and ask questions about their health coverage.
5. The Health Board shall publish and maintain a Plan Document for member review at the member's request. In addition, a Summary Plan Description (SPD) shall be printed noting plan coverage levels by benefit area and distributed to members and at any time plan changes are implemented.

Life Insurance

The Board shall provide each regular full-time administrator with a term life insurance policy equal to one times salary to the higher thousand. Administrators will have the option of purchasing additional life insurance at the administrators' expense which, if exercised, will be deducted from administrator's payrolls under guidelines established by the insurance carrier.

Liability Insurance

The Board will provide each teacher with professional liability insurance coverage, except that teachers who carry liability insurance with OEA shall have that insurance carrier designated as the primary insurer.

Tax-Deferred Annuities

Administrators shall have the opportunity to purchase tax-deferred annuities, subject to the rules and regulations developed by the administration and as approved by the Board.

Professional Improvement Fund

The Board shall annually appropriate funds towards a Professional Improvement Fund which shall be used for the partial reimbursement of tuition costs incurred by administrators who take college course work. Awards from the fund shall be granted in accordance with rules and regulations approved by the Board. Administrators shall be reimbursed at the rate of \$250.00 per semester hour for course work of benefit to the District and to the administrator for course work that, in the opinion of the Superintendent, specifically aligns itself with the District's goals, activities and directions so as to result in school improvement, leadership development or use of technology by staff or students, not to exceed six semester hours. Reimbursement shall be as described above or for actual cost, whichever is less, for a maximum benefit of \$1,500.00 per year.

State Retirement System Contributions

The Board shall designate each administrator's contribution to the State Teacher's Retirement System of Ohio or School Employee's Retirement System of Ohio as "picked up in lieu of a salary increase."

CERTIFICATED STAFF LEAVES AND ABSENCES

A leave of absence is a period of extended absence from duty by a staff member for which written request has been made and formal approval has been granted by the Board. The Board provides a plan for considering leaves and absences for its staff members in accordance with Ohio and Federal laws and Board policies. Leaves of absence for medical reasons of less than a semester must be approved by the Superintendent.

Compensation, if any, during leaves of absence depends upon the type of leave. Deductions are made in salaries for absence in accordance with regulations developed by the administration and approved by the Board.

Depending on the type of leave and when the group insurance policy permits, an employee may continue to participate in Board-approved insurance programs, provided that the employee pays the entire premium for these benefits.

A staff member terminates his/her affiliation with the Board if, at the expiration of the specified period of leave, he/she declines the position that is offered to him/her. Assuming his/her contract has not expired during a leave of absence, an employee holds the same contract status upon returning to duty as was held on the date on which the leave began.

CERTIFICATED STAFF VACATIONS AND HOLIDAYS

Vacations

Administrative personnel employed on a 12-month basis receive vacations during the contract year as specified in their individual contracts.

A written request for vacation is submitted to the Superintendent for approval. Vacations are allowed, provided they do not hinder the operation of the schools.

Holidays

The school calendar, as adopted by the Board, establishes the school recess periods and holidays for all administrators employed on a school-year basis.

Except as holidays have been declared for the District or vacation days have been scheduled, all certificated staff members employed on a 12-month basis (260 workdays per year) are expected to work during the recess periods of the school year.

CERTIFICATED STAFF VACATIONS AND HOLIDAYS

Annual Vacation

All administrative personnel employed for 260 or more days in their contract year shall be entitled to annual vacation based upon the following schedule of years of service:

1. One through six years of completed service shall be entitled to 10 days of vacation.
2. Seven through 13 years of completed service shall be entitled to 15 days of vacation.
3. Fourteen through 19 years of completed service shall be entitled to 20 days of vacation.
4. Twenty or more years of completed service shall be entitled to 25 days of vacation.

Vacation Scheduling

When possible, the administrator will be expected to take these days during the summer months or during recess periods of the school year as mutually agreed upon with the Superintendent. All vacations allowed under this policy shall be scheduled in advance and have the prior approval of the Superintendent or his/her designee.

In accordance with Sections 3319.01 and 3319.02 of the Ohio Revised Code, time may accrue for a period not to exceed the amount accrued within three years prior to separation. However, administrators are encouraged to use their vacation time annually since the purpose of a vacation is to give administrators an annual respite from work so they may return to their positions refreshed and ready to assume their responsibilities.

Payment for Accrued, Unused Vacation Leave

The Board authorizes payment to administrators for their accrued, unused vacation leave pursuant to the terms of the administrator's employment contract.

Except as vacation days have been scheduled or holidays declared for the school system, 12-month personnel shall be expected to work during the recess periods of the school year.

Anniversary Date for Vacation Calculations

The effective contract date (July 1 or August 1) of any year shall be the employment anniversary date used to calculate the vacation allowance. Legal holidays shall be excluded from consideration in calculating vacation days under this policy.

Holidays

All administrative personnel employed for 225 or more contract days shall be entitled to the following paid holidays that fall within their contract calendar:

New Year's Day	Labor Day
Martin Luther King Day	Columbus Day
President's Day	Veterans Day
Good Friday	Thanksgiving Day
Memorial Day	Christmas Day
Independence Day	

Unless excused, an employee must work the last working day prior to and the first working day after a holiday to receive holiday pay.

Schools are usually in session on Columbus and Veterans Day, which requires that administrative personnel be on duty. Administrative personnel will be provided compensatory days off for working these two holidays.

Whenever other major holidays fall on a Saturday, the previous Friday shall be observed as the holiday for work schedules. Major holidays falling on Sunday will be observed on the following Monday.

(Note: The above holiday language is not a new administrative benefit but only a delineation of current and past practice of the District in regards to administrative holiday pay that heretofore has not been detailed in policy.)

CERTIFICATED STAFF RECRUITING

Because the quality of the staff hired by the Board is the major component of an effective, productive educational program, the Board and the administration of the District make efforts to attract and retain qualified personnel.

The Board expects the Superintendent, with the assistance of the administrative staff, to determine the personnel needs of the District and the individual schools and to recruit the best qualified candidates to recommend for employment.

Recruitment procedures include posting all openings so that the talents and potential of individuals already employed by the school system are not overlooked. Any current employee may apply for any position for which he/she has certification and meets other stated requirements. All candidates shall be considered on the basis of their merits, qualifications and the needs of the District.

The appropriate building administrator is expected to be involved in recruiting and interviewing. The Superintendent's recommendation reflects, although not necessarily concurs with, that administrator's appraisal of the candidate's qualifications.

CERTIFICATED STAFF HIRING

The Superintendent determines the District's personnel needs and recommends to the Board properly certified or licensed candidates for employment. Through recruiting and evaluation procedures, the Superintendent recruits and recommends to the Board the employment and retention of personnel.

It is the duty of the Superintendent to see that persons nominated for employment in the schools meet all certification/licensure requirements and the requirements of the Board for the type of position for which the nomination is made.

The following guidelines are used in the selection of personnel.

1. There is no unlawful discrimination in the hiring process.
2. The quality of instruction is enhanced by a staff with widely varied backgrounds, educational preparation and previous experience. Concerted efforts are made to maintain a variation in the staff.
3. Interviewing and selection procedures ensure that the administrator who is directly responsible for the work of a staff member has an opportunity to aid in the selection process. The final recommendation to the Board is made by the Superintendent or by another individual designated by the Board in the event that the Superintendent's nomination would create an unlawful interest in a public contract.
4. No candidate is hired without an interview and a criminal records check.
5. All candidates are considered on the basis of their merits, qualifications and the needs of the District. In each instance, the Superintendent and others having a role in the selection process seek to recommend the best qualified applicant for the job.
6. All candidates for teaching positions must be properly certified or licensed.

While the Board may accept or reject a nomination, an appointment is valid only if made with the recommendation of the Superintendent or by another individual designated by the Board in the event that the Superintendent's nomination would create an unlawful interest in a public contract. In the case of a rejection, it is the duty of the Superintendent to make another nomination.

Employment of Retired Administrators

The Board recognizes that recruiting and retaining properly certified or licensed administrative personnel has become increasingly difficult in Ohio's competitive marketplace. Therefore, the Board will, under appropriate circumstances, offer to enter into administrative employment agreements with qualified retired administrators whenever practical and when such action appears to be in the best interests of the District. Retired administrators may be employed as administrators on a part-time or full-time basis.

For purposes of this policy, a "retired administrator" is an individual who has retired pursuant to STRS or SERS rules and regulations.

The Board authorizes and directs the Superintendent to develop administrative regulations to implement this policy at the soonest practicable time.

Rehiring of Retirees

If an employee is retiring and seeks re-employment in the same position, then public notice must be given 60 days prior to the date re-employment is to begin. The notice must state that the person is or will be retired and is seeking re-employment in the District. The notice must include the time, date and location of a public meeting, which must take place 15 to 30 days prior to employment.

EVALUATION OF CERTIFICATED STAFF
(Ohio Teacher Evaluation System)

A determination of the efficiency and effectiveness of the teaching staff is a critical factor in the overall operation of the District. The Board evaluates teachers in accordance with State law and the standards-based statewide teacher evaluation framework adopted by the State Board of Education (SBOE).

The Board directs the Superintendent/designee to implement this policy in accordance with State law. The requirements of this policy prevail over any conflicting provisions of collective bargaining agreements entered into on or after September 24, 2012.

Notwithstanding Ohio Revised Code Section (RC) 3319.09, this policy applies to any person employed under a teacher license issued under RC 3319, or under a professional or permanent teacher's certificate issued under former RC 3319.222, and who spends at least 50% of the time employed providing content-related student instruction. This teacher evaluation policy does not apply to substitute teachers or instructors of adult education.

Credentialed Evaluators

Evaluations carried out under this policy are conducted by persons holding evaluator credentials established by the Ohio Department of Education (ODE). Evaluators must complete state-sponsored evaluation training and pass the online credentialing assessment. The Board adopts a list of approved credentialed evaluators chosen from ODE's list.

Effectiveness Rating

Teachers are assigned an effectiveness rating of Accomplished, Skilled, Developing or Ineffective. This rating will be determined based on 50% teacher performance and 50% student growth measures. Student growth will be determined through multiple measures.

Annually, the Board submits to the ODE the number of teachers assigned an effectiveness rating, aggregated by the teacher preparation programs from which, and the years in which, the teachers graduated. The name of, or any personally identifiable information about, any teacher reported in compliance with this provision cannot be required.

Teacher Performance Calculation

Teachers are evaluated via two formal observations and periodic classroom walk-throughs. The teacher performance measure is based on the Ohio Standards for the Teaching Profession.

The Superintendent/designee selects/develops evaluation tools to calculate teacher performance. The Board directs the Superintendent/designee to develop procedures for these evaluation tools.

Student Growth Calculation

For the purpose of this policy, student growth means the change in student achievement for an individual student between two or more points in time. Student growth is evaluated by a combination of: (1) Value-added data or an alternative student academic progress measure if adopted under RC 3302.03(C)(1)(e); (2) ODE-approved assessments and/or (3) Board-determined measures. When available, value-added data or an alternative student academic progress measure if adopted under RC 3302.03(C)(1)(e) shall be included in the multiple measures used to evaluate student growth in proportion to the part of the teacher's schedule of courses or subjects for which the value-added progress dimension is applicable.

If a teacher's schedule is comprised only of courses or subjects for which value-added data is applicable, the entire student academic growth factor of the evaluation for such teachers shall be based on the value-added progress dimension.

Students with 45 or more excused or unexcused absences during the full academic year will not be included in the calculation of student academic growth. Data from Board-determined multiple measures will be converted to a score of: (1) Least Effective, (2) Approaching Average, (3) Average, (4) Above Average or (5) Most Effective student growth levels.

Professional Growth and Improvement Plans

Teachers with a final summative rating of Accomplished must develop professional growth plans and choose their credentialed evaluators from the Board-approved evaluator list.

Teachers with a final summative rating of Skilled must develop professional growth plans collaboratively with their credentialed evaluators from the Board-approved evaluator list and will have input on their credentialed evaluator.

Teachers with a final summative rating of Developing must develop professional growth plans with their credentialed evaluators. The Superintendent/designee approves the professional growth plan and assigns the credentialed evaluator.

Teachers with a final summative rating of Ineffective must develop an improvement plan with their credentialed evaluators. The Superintendent/designee approves the improvement plan and assigns the credentialed evaluator.

Evaluation Time Line

District administrators evaluate teachers annually. Annual evaluations include two formal observations at least 30 minutes each and periodic classroom walk-throughs. Teachers, who are on limited or extended limited contracts pursuant to State law and under consideration for nonrenewal, receive at least three formal observations during the evaluation cycle.

All teacher evaluations are completed by May 1. Teachers evaluated under this policy are provided with a written copy of their evaluation results by May 10.

The Board evaluates teachers receiving effectiveness ratings of Accomplished on those teachers' most recent evaluations carried out under this policy, and whose student growth measures are at least average or higher every three years. Such evaluations are completed by May 1 of the evaluation year. Teachers evaluated on this basis are provided a written copy of their evaluation results by May 10 of the evaluation year. In years when an evaluation will not take place, one observation is carried out and at least one conference with the teacher is held.

The Board evaluates teachers receiving effectiveness ratings of Skilled on those teachers' most recent evaluations carried out under this policy, and whose student growth measures are at least average or higher every two years. Biennial evaluations conducted under this policy are completed by May 1 of the evaluation year. Teachers evaluated on a biennial basis are provided a written copy of their evaluation results by May 10 of the evaluation year. In years when an evaluation will not take place, one observation is carried out and at least one conference with the teacher is held.

Testing for Ineffective Teachers in Core Subjects

Beginning with the 2015-2016 school year, teachers of core subject areas, as defined by State law, who have received a rating of Ineffective for two of the three most recent school years must register for and take all written examinations of content knowledge selected by ODE.

Retention and Promotion

The Board uses evaluation results for retention and promotion decisions. The Board adopts procedures for use by District administrators in making retention and promotion decisions based on evaluation results.

Seniority shall not be the basis for making retention decisions, except when choosing between teachers who have comparable evaluations.

Poorly Performing Teachers

The Board uses evaluation results for removing poorly performing teachers. The Board adopts procedures for removing poorly performing teachers based on evaluation results.

Professional Development

The Board allocates financial resources to support professional development in compliance with State law and the SBOE's evaluation framework.

EVALUATION OF CERTIFICATED STAFF
(Administrators Both Certificated and Classified)

The Superintendent institutes and maintains a comprehensive program for the evaluation of administrative personnel. Administrative personnel are all persons issued contracts in accordance with the Ohio Revised Code. Evaluations should assist administrators in developing their professional abilities in order to increase the effectiveness of District management.

The purpose of administrator evaluations is to assess the performance of administrators, to provide information upon which to base employment and personnel decisions and to comply with State law. All administrators are evaluated annually. In the year an administrator's contract does not expire, the evaluation is completed by the end of the contract year, and a copy is given to the administrator.

In the year an administrator's contract does expire, two evaluations are completed, one preliminary and one final. The preliminary evaluation is conducted at least 60 days prior to June 1 and prior to any Board action on the employee's contract. A written copy of the preliminary evaluation is given to the administrator at this time. Evaluations are considered by the Board in determining whether to re-employ administrators.

The final evaluation includes the Superintendent's intended recommendation for the contract of the employee. A written copy of the final evaluation must be provided to the employee at least five days prior to the Board's action to renew or nonrenew the employee's contract. The employee may request a meeting with the Board prior to any Board action on his/her contract. The employee may have a representative of his/her choice at the meeting.

The evaluation measures the administrator's effectiveness in performing the duties included in his/her written job description and the specific objectives and plans developed in consultation with the Superintendent.

Evaluation criteria for each position are in written form and are made available to the administrator. The results of the evaluations are kept in personnel records maintained in the central office. The evaluated administrator has the right to attach a memorandum to the written evaluation. Evaluation documents, as well as information relating thereto, are accessible to each evaluatee and/or his/her representative.

This evaluation procedure does not create an expectancy of continued employment. Nothing contained herein prevents the Board from making any final determination regarding the renewal or nonrenewal of an administrator's contract.

Ohio Principal Evaluation System (OPES)

Procedures for evaluating principals and assistant principals are based on principles comparable to the Ohio Teacher Evaluation System, but are tailored to the duties and responsibilities of principals and assistant principals and the environment in which they work. Principals and assistant principals are evaluated under the above system, with the inclusion of the following components.

Principals and assistant principals are assigned an effectiveness rating of Accomplished, Skilled, Developing or Ineffective. This rating will be determined based on 50% measures of principal or assistant principal performance and 50% student growth measures. Student academic growth is determined through multiple measures.

Principals and assistant principals are evaluated via two formal observations and periodic building walk-throughs. The 50% principal and assistant principal performance measure is based on the Ohio Standards for Principals. Proficiency on the standards includes consideration of professional goal setting, communication and professionalism, and skills and knowledge.

Student academic growth is evaluated by a combination of: 1) Value-added data; (2) Ohio Department of Education (ODE)-approved assessments and/or (3) Board-determined measures. When available, value-added data shall be included in the multiple measures used to evaluate student growth.

The principal's performance rating is combined with the results of student growth measures to produce a summative evaluation rating according to ODE requirements.

The Superintendent/designee evaluates all principals and assistant principals annually. Annual evaluations include two formal observations at least 30 minutes each and periodic building walk-throughs.

The Board allocates financial resources to support professional development in compliance with State law and the State Board of Education's evaluation framework.

EVALUATION OF ADMINISTRATIVE STAFF
(Administrators Both Certificated and Classified)

To assist administrators in the development of their professional abilities, to provide information for employment decisions and to comply with mandates of State law, the following procedures are employed by the Superintendent/designee in evaluating administrative personnel.

1. An initial meeting is held by the Superintendent prior to the school year with the assistant superintendents and administrators to discuss specific measurable objectives and plans for their achievement. A statement of these objectives and plans is submitted by each administrator to the Superintendent/designee at a time specified. These objectives and plans are written and maintained in each administrator's personnel file.
2. The evaluator employs the evaluation criteria, which are designed to measure the administrator's effectiveness in performing the duties set forth in his/her written job description. All administrators will be evaluated prior to the end of their contract year. The evaluator will also assess the administrator's progress in meeting plans and objectives set for that school year. Areas of outstanding, satisfactory and poor performance will be noted. The Superintendent/designee will meet with each administrator to discuss the written evaluation. The evaluatee is given a copy of the evaluation and has an opportunity to discuss it with the evaluator at this second meeting.
3. An ongoing dialogue concerning the administrator's objectives will continue and the evaluator and evaluatee will meet as needed or requested.
4. For those employees whose contracts are expiring at the end of the current school year, two evaluations must be completed. A written copy of the preliminary evaluation must be received by the employee at least 60 days prior to any Board action on the employee's contract. A final evaluation must include the Superintendent's intended recommendation for the contract of the employee. A written copy of the final evaluation must be provided to the employee at least five days prior to the Board's action to renew or nonrenew the employee's contract.
5. The employee may request a meeting with the Board prior to any Board action on his/her contract. The employee may have a representative of his/her choice at the meeting.
6. EVALUATION OF SCHOOL COUNSELORS

Professional school counselors offer students access to high-quality services that support students' academic, career and social/emotional development. The Board evaluates school counselors in accordance with State law and the standards-based statewide counselor evaluation framework adopted by the State Board of Education (SBOE). The framework is aligned with the Ohio Standards for School Counselors.

The Board directs the Superintendent/designee to implement this policy in accordance with State law. The policy becomes operative at the expiration of any collective bargaining agreement covering school counselors that is in effect on September 29, 2015. The requirements of this policy prevail over any conflicting provisions of collective bargaining agreements entered into on or after September 29, 2015.

Annually, the Board submits to the Ohio Department of Education (ODE) a report regarding implementation of this policy. The name of, or any personally identifiable information about, any counselor reported in compliance with this provision cannot be required.

Effectiveness Rating

School counselors are assigned an effectiveness rating of Accomplished, Skilled, Developing or Ineffective. Each school counselor is evaluated based on multiple factors including performance on all areas identified by the standards for school counselors and the ability to produce positive student outcomes using metrics in order to determine the holistic final summative rating of effectiveness according to ODE requirements. The choice of metrics for student outcomes will be determined locally and will include information from the school or school district's report card when appropriate.

Evaluation Time Line

District administrators evaluate school counselors annually except as otherwise appropriate for high performing school counselors. Annual evaluations include two formal observations of at least 30 minutes each and informal observations. Counselors will be provided with a written report of the evaluation.

The Board evaluates school counselors receiving effectiveness ratings of Skilled on the counselors' most recent evaluations carried out under this policy, and whose metric of student outcomes for the most recent school year for which data is available is skilled or higher on the evaluation rubric every two years. In years when an evaluation will not take place, one observation is carried out and at least one conference with the counselor is held.

Professional Growth and Improvement Plans

School counselors with a final summative rating of Accomplished must develop a professional growth plan.

School counselors with a final summative rating of Skilled must develop a professional growth plan collaboratively with their evaluator.

School counselors with a final summative rating of Developing must develop a professional growth plan with their evaluator. The Superintendent/designee approves the professional growth plan.

School counselors with a final summative rating of Ineffective must develop an improvement plan with their evaluator. The Superintendent/designee approves the improvement plan.

The District has discretion to place a school counselor on an improvement plan at any time based on deficiencies in any individual component of the evaluation system.

Retention and Promotion

The Board uses evaluation results for retention and promotion decisions for school counselors beginning with the 2017-2018 school year. The Board adopts procedures for use by District administrators in making retention and promotion decisions based on evaluation results.

Poorly Performing Counselors

The Board uses evaluation results for removing poorly performing counselors beginning with the 2017-2018 school year. The Board adopts procedures for removing poorly performing school counselors based on evaluation results.

Professional Development

The Board allocates financial resources to support professional development in compliance with State law and the SBOE's evaluation framework.

CERTIFICATED STAFF PROMOTIONS

All promotions within the instructional and administrative staff of the District will be considered under the same policy as that governing original assignments. In addition to the general staffing assignments, the following guidelines shall apply to certificated staff promotions:

1. Although under law the Superintendent has authority to assign and/or transfer all personnel, it is customary for transfers from instructional to administrative positions and vice versa, and transfers from an administrative position to a greater or lesser administrative position, to be approved by the Board.
2. The Board generally supports the practice of filling administrative or supervisory positions whenever feasible from within the current school staff. However, this general support shall not preclude the administration and Board from determining that the interest of the school system can be best served by actively seeking candidates from outside the school district.

REDUCTION IN CERTIFICATED STAFF WORKFORCE
(Administrators Both Certificated and Classified)

The purpose of this policy is to provide reasons and procedures for a reduction in force of the administrative staff of the District when the Board considers such a reduction to be necessary. For purposes of this policy, the terms “administrator” and “administrators” refer to those persons employed under authority of Ohio Revised Code Section 3319.02.

1. Reasons for a Reduction in Force

The Board may implement a reduction in force in the ranks of administrators through suspension of one or more administrative contracts, for one or more of the following reasons:

- A. return to duty of administrators from leaves of absence;
- B. territorial changes affecting the District as a whole, or one or more District facilities;
- C. decreased enrollment of students in the District, at one or more school facilities, or in one or more instructional programs, regardless of whether such decrease occurs from one school year to the next or within one school year;
- D. closure of one or more school facilities;
- E. reorganization of the District administrative staff;
- F. organizational redesign;
- G. the financial condition of the District as determined by the Board;
- H. lack of sufficient work as determined by the Board or
- I. changes in curriculum, programs or services provided in the District.

2. Order of Contract Suspension

The order in which administrator contracts will be suspended to implement a reduction in force pursuant to this policy is determined as follows:

- A. When a reduction is necessary due to an administrator returning from a leave of absence, the administrator holding the position or the most similar position from which the administrator took a leave of absence will have his/her contract suspended.

- B. When reductions in force are based upon reasons affecting one or more identifiable District facilities or programs, only the administrators responsible for such facilities or programs are subject to the reduction in force.
- C. When identifying which administrators are subject to a reduction in force, consideration will be given to first suspending the contracts of administrators who have the least seniority in the District, with seniority defined as years of continuous employment under a regular contract of any kind with the Board. Seniority, however, is not controlling. The overriding considerations in determining the order of suspension of contracts shall be the efficient use of personnel and available resources, and the best interests of the students served by the District. Consistent with Ohio law, administrators have no right to “bump” into other positions for which they may ne qualified but which are held by less senior persons.

3. Procedure for Implementing Reduction in Force

The procedure for implementing a reduction in force among the administrative staff shall be as follows:

- A. The administrative positions to be reduced through contract suspension shall be identified by the Superintendent. The affected administrators will be notified by the Superintendent of the anticipated reduction and given an opportunity to resign prior to Board action.
- B. Contracts may be suspended by Board action at a regular or special meeting. Administrators whose contracts have been suspended shall be given written notice by the Board of the action, which shall include the date the suspension takes effect if the date is other than the date of Board action.
- C. A reduction in force may include a reduction from full-time to part-time service.
- D. A reduction in force may include a reduction in the number of contracted days of employment.

4. Recall of Administrators

Administrators whose contracts have been suspended pursuant to a reduction in force shall have a right to restoration to active service as follows:

- A. Administrative whose contracts have been suspended pursuant to this policy shall have the right to be recalled to active service to the same or similar administrative position for which they qualify, when such position next becomes available in the

District, with priority given to administrators whose contracts have been suspended the longest. An administrator is qualified for return to service in the same or similar administrative position when all of the following are satisfied: the administrator holds the required certification/ licensure when notified of the recall; the available position is at the same pay grade level as the position the administrator held at the time of contract suspension; and the duties and responsibilities of the available position are comparable to the position the administrator held at the time of contract suspension, all as determined by the Superintendent.

- B. The recall of an administrator to active service shall be offered by written notice from the Superintendent to the administrator. The administrator shall have 10 days from receipt of the notice in which to accept or decline the offered position, in writing, delivered to the Superintendent.
- C. If an administrator declines recall to active service in the District or does not respond to a recall notice in a timely manner, the administrator shall be deemed to have resigned from employment with the Board and all recall or other employment rights are extinguished as of the date recall is declined.

At the time of retirement from the District, a severance amount calculated by a prescribed formula applied to the employee's unused sick leave and daily rate of pay at the time of retirement from the District is granted to certificated staff employees in compliance with Ohio law. Upon payment of severance pay, the retiring employee's sick leave accumulation is reduced to zero.

Administrators who have retired under the rules of the State Teachers Retirement System are not eligible for severance pay based upon a subsequent retirement.

SEVERANCE PAY
(Both Certificated and Classified)

Retirement Severance Pay

1. Eligibility:

The Board shall pay, upon retirement or death, severance pay to each administrator who qualified for age and service retirement under a State Retirement System or to the administrator's estate. Retirement severance pay shall be paid only for those individuals who at the time of retirement or death are/were employed by the Sandusky City Schools for a minimum of five years at the time of retirement or death and (1) who have completed 25 or more years of service under the state retirement systems or (2) who have attained age 60.

2. Computation:

- A. For administrators employed prior to July 1, 2004, retirement severance pay shall be equivalent to 65 days at the administrator's per diem rate in the most recent contract year. Also, such administrators may make an irrevocable election in writing to receive the benefits prescribed in (B) below.
- B. For administrators employed on or after July 1, 2004, retirement severance pay shall be paid on the basis of retirements at the rate of 25% of accrued but unused sick leave up to a maximum of 75 days. Also, such administrator shall receive an additional severance benefit of 10% of all unused sick leave over 300 days. Said retirement severance pay shall be computed on the basis of the number of days in the administrator's contract year for the last full year prior to retirement or death and shall not include compensation paid for "extra duties" under any supplementary contract that may have been in effect at the time of, or prior to the effective date of retirement.

First Opportunity Retirement Incentive

In addition to the severance payment provided in (2) above, individuals who attain the STRS/SERS retirement eligibility qualification of 30 years service or 60 years of age with a minimum of five years in District employment and retire (disability retirement does not qualify) by July 1st (SERS administrator) or August 1st (STRS administrators) of the new contract year, shall receive a lump sum payment of 30 days or 12% of unused sick leave, whichever is greater, providing the employee actually retires by their respective retirement deadline, and providing that the employee notifies the Treasurer of his election to take the First Opportunity Retirement Incentive by April 15th in the year of eligibility to receive the First Opportunity Retirement Incentive. Retirement beyond first opportunity negates said incentive payment.

Application and Payment

This retirement severance payment and the First Opportunity Retirement Incentive payment shall be paid in one installment to any administrator eligible by reason of retirement. The payment shall be made during the first month of January following the administrator's effective date of retirement. Requests for retirement severance pay shall be made in writing to the Treasurer at the time of retirement. Prior to making such payment the Treasurer shall have evidence that the administrator to receive payment is in a status of retirement. Payment of retirement severance pay shall be considered to eliminate all sick leave credit accrued by the administrator at the time of retirement. In the event of the death of an eligible employee, severance pay as outlined in (1) above shall be issued with the final payment of accrued wages.

SUSPENSION AND TERMINATION OF CERTIFICATED STAFF MEMBERS

Suspension

The Board may suspend a certificated staff member pending final action to terminate his/her contract if, in its judgment, the character of the charges warrants such action.

Termination

The contract of a certificated staff member may be terminated for good and just cause. Before terminating any contract, the Board furnishes the certificated staff member a written notice signed by the Treasurer of its intention to consider termination of his/her contract and specification of the grounds for such consideration. The Board informs the certificated staff member of his/her right to request a hearing by the Board or by an independent referee. At such a hearing, both parties may be represented by counsel and present and cross-examine witnesses. A stenographic record of the proceedings is made. After the hearing, the Board makes its determination by majority vote. Any order of termination of a contract states the grounds for termination.

Teachers may only be suspended or terminated under the terms of the collective bargaining agreement and/or State law.

CLASSIFIED STAFF PUPIL ACTIVITY CONTRACTS

The Board believes that a varied cocurricular program adds depth and richness to the academic program, teaching skills and life lessons not easily learned in the classroom. The Board also recognizes the importance of positive adult leadership in pupil activity programs.

Nonlicensed/Noncertificated staff members may be awarded pupil activity contracts. Compensation for the position is at the same Board-approved rate as that paid to licensed individuals.

The Board may terminate or suspend the pupil activity contract if this permit is suspended, revoked or limited by the State Board of Education.

Pupil activity contracts are limited nonteaching contracts in effect for a term not to exceed one year. The Board provides written notice of nonrenewal on or before June 1 of each year.

The Board approves the positions and the compensation for these assignments. Contracts are awarded by the Board upon the recommendation of the Superintendent. The Board meets all requirements of the Fair Labor Standards Act.

The Board directs the Superintendent/designee to identify those pupil activity contract positions that direct, supervise or coach programs that involve athletic, routine or regular physical activity or involve health and safety considerations.
