PUBLIC COMPLAINTS

Constructive criticism of the District is welcomed by the Board. Although no member of the community is denied the right to bring her/his complaints to the Board, she/he is referred to the proper administrative channels for solution before investigation or action by the Board. Exceptions may be made when the complaints concerns Board actions or Board operations.

The Board believes that complaints and grievances are best handled and resolved as close to their origin as possible. The staff should be given the opportunity to consider the issues and attempt to resolve the problems prior to involvement by the Board. The proper channeling of complaints involving instruction, discipline, or learning materials are: employee, principal, Superintendent and then the Board of Education.

If a complaint, which was presented to the Board and referred through the proper channels, is resolved before it comes back to the Board, a report of the disposition of the matter is made to the Board and then placed in the officials files.

The Board expects the staff to receive complaints courteously and to make a proper reply to the complainant.

Matters referred to the Superintendent and/or Board must be in writing and signed. Requests are expected to be specific in terms of the action desired. Matters that are presented in writing and signed will receive a response.
